Prospective examinees are instructed to regularly review each subject in order to easily recall the appropriate regulation during the exam. To help exam takers succeed in passing the exam, Textbook comes with Web Supplements. Web Supplements bring to prospective examinees video lectures (which are based on the Textbook's material), charts, exhibits, tables and flashcards designed to improve understanding of the tested topics. Concise text, charts, exhibits, tables, and flashcards alone are not enough to pass the examination. Goal of the Textbook is to equip you with necessary tools to successfully pass the U.S. Customs Broker License Examination. To that end, the Textbook integrates questions from previous exams by topics covered in individual chapters. We worked very hard to provide you with tools necessary to be successful.
