"While riding the subway home from the pool with his abuela one day, Julián notices three women spectacularly dressed up. Their hair billows in brilliant hues, their dresses end in fishtails, and their joy fills the train car. When Julián gets home, daydreaming of the magic he's seen, all he can think about is dressing up just like the ladies in his own fabulous mermaid costume: a butter-yellow curtain for his tail, the fronds of a potted fern for his headdress. But what will Abuela think about the mess he makes -- and even more importantly, what will she think about how Julián sees himself?"--

If you think and focus on what you want instead of what you don't want, you will know when it is time to take action. And when you do, it will be effortless. For twenty years, author Chris Kanyane examined and studied a countless number of books on personal development and the mind, hoping to discover the secret to success and happiness. Kanyane observed that many people read books and listen to tapes about personal success, but few people know how to use them correctly to achieve their goals. Create Better Life Now fills the gap by outlining how to live the accomplished life of success and happiness that you deserve. Learn why such advice as "no pain, no gain" limits you in your quest for fulfillment, and follow Kanyane's unique plan to achieve joy in his easy-to-understand, no-nonsense format. By applying Kanyane's simple exercises to your everyday life, you'll be able to transform your humdrum existence into the life you've always wanted. Give yourself a gift! Discover inner peace and a path to a better, more rewarding life with Create Better Life Now.

A Happy Pocket Full of Money, first self-published in 2001, so impressed Rhonda Byrne, that she asked David Gikandi to become a consultant on The Secret. In A Happy Pocket Full of Money, Gikandi explains that true wealth is not about having buckets of cash, but rather understanding the value within. True wealth flows out of developing "wealth consciousness," that incorporates gratitude, a belief in abundance, and an ability to experience joy in life. He explores how recent discoveries in theoretical physics are relevant for the creation of personal wealth and shows readers how to create abundance by saving, giving, offering charity, and building happy relationships. Russia must have a navy. And if its ports freeze for six months each year then it must have access to a warm water port - hence, the annexation of Crimea was the only option for Putin. To understand the Middle East, it is crucial to know that geography is the reason why countries have logically been shaped as they are - and this is why invented countries (e.g. Syria, Iraq, Libya) will not survive as nation states. Spread over ten chapters (covering Russia; China; the USA; Latin America; the Middle East; Africa; India and Pakistan; Europe; Japan and Korea; and Greenland and the Arctic), using maps, essays and occasionally the personal experiences of the widely traveled author, *Prisoners of Geography* looks at the past, present and future to offer an essential guide to one of the major determining factors in world history. This multifaceted anthology collects over 25 stories from the first decade of Jason's career, including his remarkable calling card, the novella-length thriller "Pocket Full of Rain," which has never before been published in English. The book reveals a young cartoonist experimenting
