Nicky Bell, diagnosed with Ewing's Sarcoma at age thirteen, died five years later, with his mother and best friend at his side. A Journey of Unconditional Love tells Nicky and Michele's story, describing the battle with cancer in great detail. However, this book is about more than cancer and its treatment and the fight to survive. It's about more than a mother and her son who had to face his mortality at such a young age and the despair and anguish that comes in losing that fight. It's about more than death . . . This book is about life. It's about how this mother and son approached the everyday moments of life despite the greater story that was playing out around them and was outside of their control. It's about what each had learned from the other and the influential roles played in their life experiences. It is about how it still affects the life of the one left behind. It's about the depth of human spirit and the soul's ultimate survival, along with what the survivor is supposed to do with that energy. The connection between this mother and her son has lived on long after his passing, and it continues to be a force in this mother's life every day. The inspiration in this story comes from the millions of small everyday moments, the choices made, the words spoken, and the unconditional love that makes such a seemingly senseless experience somehow bearable. This book gives a voice to parents and loved ones, caregivers and patients, those who relate to this loss, and those who know they feel every heartbeat in this story but who also struggle to come to grips with their own experience.

Our Journey of Love, 5 Steps to Navigate Your Caregiving Journey shares the lessons, tips & tricks learned over the past thirty years in roles of caregiving. Sue Ryan's journey began with her feeling like she was on an emotional roller coaster—often blindfolded—and not knowing what to expect next. She didn't know anything about the disease or caregiving. She constantly felt overwhelmed. She felt like she was missing something. She was exhausted mentally, physically and emotionally. She lost who she was in giving care. She was only surviving. She didn't like the disease. She didn't like what it was doing to her care receiver, to her, and to those around them. She didn't like how she felt, so she began to learn. Now, instead of feeling helpless and overwhelmed, she feels balanced, filled with hope and love. Our Journey of Love: 5 Steps to Navigate Your Caregiving Journey, is written to help everyone in roles of care support positively navigate their journey, the journey of their care receiver, and the journeys of those who support them. It is 960 in Cordoba, the jewel of Andalusia, where Muslims, Catholics and Jews live in peace and mutual respect. How did a farmer come to create a spiritual sanctuary? This book is the story behind the creation of Pathways Spiritual Sanctuary on a ranch in the Black Hills of South Dakota. An unlikely story that begins in a tin shed called the Turkey Shack. _____ Author's Preface:

I'm a guy who wears Carhartt jeans, with pliers in the pocket. I also was the CEO of a \$65 million agribusiness and the Executive Director of a \$100 million-plus science research laboratory during its startup. Along the way I had spiritual experiences that mystified me. I didn't shave my head, don robes or join an ashram. My life continued, but it was changed. In 2010, I created Pathways Spiritual Sanctuary on my ranch in the Black Hills of South Dakota. Based on my history, you might think I'm an unlikely person to create a spiritual sanctuary, so let me tell you up front what I am not. I am not a guru. I am not a psychologist, philosopher, theologian or a person with a degree in any field that would seem relevant to spirituality. I do have bachelor's and master's degrees, but in agricultural economics. I remain the guy in Carhartts, a Nebraska farm kid, who happened to have some extraordinary experiences that allowed me to see a new world of love, compassion, tolerance and forgiveness. This book is the story of that journey--a story that begins in a tin shed called the Turkey Shack. Dave Snyder Founder Pathways Spiritual Sanctuary

WHEN MAMA CAN'T KISS IT BETTER is the raw account of a true story that shocked the nation in 2010. Gertz was America's most hated mother when news of a decision to place her adopted child in another family broke in the media. Called out by many as an unfit mother and

an evil woman who threw away her child, she was catapulted into the national and international media. Her daughter, Emily suffered from fetal alcohol spectrum disorder, reactive attachment disorder, bipolar disorder, and other disorders. She had never bonded with Lori, her father or her siblings and had begun a spiral of self-destruction that often involved running into traffic and other dangerous behaviors. While Gertz recalls feeling isolated, accounts like hers are not rare. Stories like *When Mama Can't Kiss it Better* are not told terribly often because of the stigma and finger pointing. She writes, "The mother is always blamed first when a child suffers from extreme behavioral disabilities." There are millions of parents who are struggling to raise children with behavioral disabilities, who feel misunderstood, unheard, and judged, and who want to be reassured that there are others like them. With one in four Americans struggling with mental illness (NIMH) every year everyone in this country either lives with mental illness or knows someone who does. The greatest tragedy is that 60% of the adults and 50% of the children suffering from mental disorders will receive absolutely NO services or support for their mental illness. *WHEN MAMA CAN'T KISS IT BETTER* covers:

- * The adoption of their daughter Emily, early signs of trouble, their birthmother's suicide, the truth about her pregnancy and warnings about how to avoid what happened to the author and her family
- * Raw and honest details about her daughter's rages, suicide attempts, and hospitalizations
- * The turmoil that living with mental illness causes for everyone in the home and how it affects siblings and marriages
- * The difficulty in receiving support from physicians, educators, & clinicians
- * The author's increasing desperation to find answers and help as rages and impulsivity became safety issues
- * Being judged by doctors, schools, and outsiders as "the problem" while her daughter collected diagnosis after diagnosis
- * The painful decision to place her daughter in

another family and how she came to accept that she had to do the unthinkable * Parents worldwide waging verbal attacks on her since if the fault belonged to Gertz alone, it couldn't happen to anyone else Note from the Author: I spent the better part of six years writing this book, which began as the only way I could cope with what was happening in our lives. I just couldn't believe the lack of resources there were when I reached out for them so vociferously and started documenting what was happening inside our family if not only to maintain my sanity. I am passionate about telling my story to help increase understanding of the enormous challenges parents of special needs children face in a culture that believes that motherly love and perseverance can cure all ills. For those on similar paths, the story of my journey to a sense of peace within the context of facing unrealized dreams, human limitations, broken hearts, and the unfair circumstances of life may help them find that same place of peace in the tough decisions within their own lives. I pray this book will bring attention to the need to better support parents and kids with mental illness and other invisible disabilities and I am deeply grateful for the opportunity to call attention to such pressing societal issues. The Journey of Love consists of five different sections. Every section symbolises love in a different form and time. Every poem is an experience of love, some of them are positive and others are in the form of hatred, guilty or negativity. The book contains all my experiences of love. The main theme and idea behind writing poems is to express my feelings and emotions in each phase of love I experienced.
