

Ask

"This book will give anyone the confidence to ask anyone for any size gift for any purpose. With winning language, sample dialogues, and a wealth of tips and tools, this book addresses common mistakes made when asking and shows how to correct each mistake, providing guidance and direction on how to make a great ask. This third edition will be updated to include new dialogue, a balance of practical tips, tools, and advice, and will demonstrate through examples and stories how the tips, tools and advice can be instantly applied to business, philanthropy, and everyday living"--

The act of questioning is the primary speech interaction between an institutional speaker and someone outside the institution. These roles dictate their language practices. "Why Do You Ask?" is the first collected volume to focus solely on the question/answer process, drawing on a range of methodological approaches like Conversational Analysis, Discourse Analysis, Discursive Psychology, and Sociolinguistics-and using as data not just medical, legal, and educational environments, but also less-studied institutions like telephone call centers, broadcast journalism (i.e. talk show interviews), academia, and telemarketing. An international roster of well-known contributors addresses such issues as: the relationship between the syntax of the question and its discourse function; the kind of institutional work that questions perform; the degree to which the questioner can control the direction of the conversation; and how questions are used to repackage responses, to construct

meaning, and to serve the institutional goals of speakers. *Why Do You Ask?* will appeal to linguists and others interested in institutional discourse, as well as those interested in the grammatical/pragmatic nature of questions.

Professor Robert Winston answers the amazing questions children have about science - real questions from real kids! This fun and friendly science book for kids poses 100 real-life questions from kids to Robert Winston on every aspect of science. Questions cover all the popular science topics, including human body: "Why do freckles come in dots on your face?"; physics: "Could you jump off the world?"; Earth: "Why is the sky blue?"; chemistry: "Why are there bubbles in boiling water?"; natural science: "Do dogs cry?", and space: "Why will the Sun explode and make us extinct?" These are real questions from children from around the world, and their questions are their very own. Robert Winston was inspired to write this book by the many questions posed by his grandchildren and by children from the schools he has visited over the years. The book includes some of these questions, plus many more gathered from countries all over the world - including the UK, Ireland and mainland Europe, Canada, the USA, India, China, and Japan. The response to the survey that DK sent out was fantastic - there were so many great questions to choose from. The questions were carefully selected to cover the main science topics: chemistry, physics, human body, Earth, space, and natural science. They are fun, engaging, and include some that most adults wouldn't dare ask! Science can be a tricky subject for

Whether you are married or single, having great sex or no sex, your sexuality is inseparable from your spirituality. Many Christian women are confused and even devastated by the area of sexuality. In the silence of the church, they are left to sort through harrowing experiences like sexual abuse, exposure to porn, raging temptation, homosexual thoughts, and betrayal in marriage-all on their own. Having nowhere to go to ask the hard questions about sexuality can be spiritually dangerous. Women need the truth. In *25 Questions You're Afraid to Ask About Love, Sex, and Intimacy*, Dr. Juli Slattery addresses some of the most common questions women have on sexuality from a biblical perspective, such as: What if I don't like sex? If I'm single, how far is too far? Is _____ok in the bedroom? How do I get over sexual shame? What if I want sex more than my husband does? These are the type of questions that thousands of women have been asking Dr. Slattery. She answers them with rare candor, grace, and wisdom. We desperately need God's perspective on sexuality. And fortunately, the Bible has a lot to say on the topic. Some of it might surprise you.

Includes Notices of motions and orders of the day, Notices of bills, Divisions, Public and Private bills, Standing Committees Notices.

If all my thoughts can be captured, then I will be a photographer, if all that I see in this world is as straight forward, then I will live a simple life, if I understand all that I heard and all the thoughts coming in and out of my head, then I won't be a poet. This is a collection of poems that most people can relate to about everyday life events - love, life, death, animals, family amongst others. These poems are as fictional and factual, and hence complex, a glimpse into my life and yours.

Are you asking for what you want or just taking what you are given? Chances are, it s the latter. Linda Swindling will teach you how to ask outrageously and get the results you want."

Leading gestalt therapist Michael Kriegsfeld led therapy groups around the world. Gestalt therapy focuses on

conflicts between aspects of the self, and the attempt by patients to avoid responsibility for their choices and behavior. When Kriegsfeld died suddenly in 1992, he left 170 three-hour-long videotapes of his work with groups in the United States and Europe. Through excerpts from these tapes, author Lee Kassan provides examples of Kriegsfeld's methods that will be of use to every therapist regardless of his or her field. Divided into five main sections, *Who Could We Ask? The Gestalt Therapy of Michael Kriegsfeld* delivers a revealing, personal portrait of Kriegsfeld. Kassan explains Kriegsfeld's theory of the gestalt model as an alternative to the medical model that dominates the therapy field today. Kassan brilliantly illustrates and explains the procedures that Kriegsfeld used in gestalt therapy. Informative and intimate, *Who Could We Ask?* is a rare glimpse of a master therapist at work.

Here is a long-needed guidebook to aphasia rehabilitation for the family of the aphasic individual to use during treatment and afterward. The principal section provides an extensive collection of speech and language stimulation activities designed to increase interaction and understanding between the patient and his family. There are exercises for family members to use with the patient throughout the day, outside of the formal treatment setting, in the areas of memory, non-verbal communication, money, numbers, reading, repetition, spelling, speech, understanding, and writing. Additional sections provide: (1) a listing and discussion of easily obtainable materials--games, consumer products, and aids--which family and friends can use to entertain or to

socialize with the patient; (2) a compilation of community resources to help answer family questions about finances, transportation, recreational activities, counseling, home nursing care, and many other individual problems; (3) an annotated bibliography of selected reading materials chosen specifically for family members who want a clearer understanding of stroke and aphasia. Susan Howell Brubaker, M.S., CCC-SP, is coordinator of aphasia rehabilitation in the Speech and Language Pathology Department at William Beaumont Hospital, Royal Oak, Michigan, and author of *Workbook for Aphasia*, which is now in wide use throughout the United States and Canada.
