When Peter Marmureanu started learning tennis in communist-held Romania, he was ten years old, playing barefoot on clay courts, swinging a wooden paddle that served as a racket. Eight years later, as a member of Romania's Davis Cup team, Marmureanu was traveling side by side with Ilie Nastase and Ion Tiriac to the world's capitals playing tournaments in Cairo, Monte Carlo, Paris, London, Moscow, and scores of other cities. In *Beyond My Dreams*, Marmureanu recounts his life story and how he was forced to become a designated courier for the Securitate, traveling with packets of top-secret documents concealed in his racket cover for delivery to Romanian embassies. In a last-minute flight to freedom that sounds like an espionage thriller, Marmureanu narrates how he made his escape. But even in America, where Donald Rumsfeld and President Gerald Ford helped secure his citizenship, he lived for many years under FBI protection, carrying a handgun for his own safety, knowing the danger that loomed over Romania's defectors and what might happen if he ever went back. And yet, for the sake of his family, Marmureanu risked a return—witnessing, firsthand, the initial moments of insurrection preceding the fall of an evil regime. In this memoir—filled with intrigue, courage, and defiance—Marmureanu tells how he escaped one of the most repressive regimes on earth—the incredible but true adventure of one man's flight to freedom.

Some stories are too big for one timeline. Continue the action-packed love story started in Dean Murray's first two Reflections novels, Broken and Torn. Bitten is a boxed set of the next 6 titles in the Reflections universe plus Longing, a bonus short story. Combined, the titles in this boxed set have more than 270 five-star reviews and now for the first time ever they are available in one volume with a special price that is 37% off of the normal cost. In Bitten you'll get: Splintered (Reflections Volume 3) Most girls would have killed to be in Adri's shoes, in fact several people think that's exactly what she did. Of course life with a pack of shape shifters isn't quite what she expected. The time with Alec is great, but now that the rival pack is out of the picture, Alec's wolves are all starting to turn on each other, and Adri is finding there is less and less she can do to help hold the pack together. Alec's determination to keep her at arm's length physically is just as frustrating as always, but his ongoing refusal to explain the larger world the pack is operating in is starting to become more than just something that keeps Adri up at night. It's starting to look like something that could get them all killed. Intrusion (Reflection Volume 4) Jess awoke to a world she doesn't really understand, hounded by impulses that are quite literally more than any human could be expected to control. It's painfully evident that her friends and family are doing

everything they can to help her regain her footing, but she can't help resenting the fact that none of them lost as deeply as she lost in their last confrontation with the Coun'hij. More than anything she wants to turn to Alec for help. The alpha of the pack should be a constant source of strength and reassurance, but in his own way he's nearly as damaged as she is. What's worse, a new threat has just arrived in Sanctuary and Jess is starting to wonder if Alec will sacrifice her as the weakest link in a crippled pack. Numb (Reflections Volume 4.5) Adriana Paige didn't see her breakup with Alec Graves coming any more than he did, but at the time she couldn't see any other way to stop him from turning into some kind of monster. For weeks now she's been haunted by the worry that she made a terrible mistake, but she's thousands of miles away from Sanctuary now and there's nothing left but to try and soldier on. Alec Graves had just finished standing off the single most dangerous group of shape shifters in the world when Adri told him she was moving away. He'd always known that being the alpha of his small pack would come with costs, but he never imagined that losing Adri would be one of them. Alec and Adri are two damaged hearts with one thing in common. They would both give almost anything to be free of their pain. They just want to be numb. Trapped (Reflections Volume 5) Kristin has always been firmly grounded in reality. Trading in small-town Idaho for an Ivy-League school wasn't going to be an easy proposition and making it happen wasn't going to leave her time for unnecessary things like crushes on boys. Kristin is about to find out that all of the creatures she thought were nothing more than myth are actually quite real. One of the worst of them is after her, an unstoppable killing machine that will chase her across a continent. Kristin is completely out of her depth. Her one hope is a mysterious guy with dangerous skills and a dark past. He's the kind of guy that Kristin knows she shouldn't get involved with, but as their attraction grows it becomes apparent that being with him is going to require an even bigger sacrifice than she realized. Forsaken (Reflections Volume 6) The power he needs to protect his friends and family is just outside of Alec Graves' reach. The dominant shape shifter pack in North America is circling like vultures and there are other, more savage opponents approaching in the distance. Given the danger he's in, Alec doesn't have time for a broken heart, but Adri's departure has left him barely able to function. The pressures inside his pack are building to lethal levels and for the first time in his life, he's not sure he can walk the path that honor demands of him. Walking out on Alec was the hardest thing Adri had ever done, but she didn't bargain for the long-term impacts that would be involved. She hasn't been able to get past her feelings for him yet and it's starting to impact nearly every aspect of her life. Even more concerning, she now knows what the darkness really hides. Dangers that she thought she'd left behind in Sanctuary are stalking her again, but this time Alec's pack isn't in a position to protect her. Scent of Tears (A Reflections Short Story) Living in the city is hard for a shape shifter, especially one as young as Shawn. He's been anticipating the coming trip out to the country for months. The fact that he's going to be allowed to run around unescorted only makes things better. The vacation turns serious when he decides to leave the estate. A pack of hunting dogs is more than capable of bringing even a shape shifter to bay, and he's starting to understand that more than just his own survival hinges on what he does next. Longing Abby's one year from graduation, and headed nowhere. A steady regimen of parties and drugs isn't what she really wants to be doing, but sometimes she needs a little something extra just to make it through the day. This party wasn't supposed to be any different than the rest, but when things take a turn for the worse, help steps in from an unexpected source. Bitten is a collection of young adult epic paranormal romance stories with vampires, werewolves and shape shifters.

Dr. Tweechig Haroutunian Whisper chaired her small private liberal arts college's Women's Studies Department in the division of Behavioral Sciences until she decided to teach online from home, design a new women's studies curriculum, and broadcast a talk show on her college's Internet audio worldwide to celebrate convergence. Little did she know at first that this would lead to moonlighting teamwork in a new career as a private investigator on an adventure filled with more mystery than mystique. This time, Tweechig took the investigative approach by broadcasting her research on Internet audio around the world hunting for adventure and a team partner. Refusing to retire on command and flaunting white hair tucked under a baseball cap that read, "Sixty-Plus, So Give Me My Senior Discount Already!" Tweechig eagerly taught her Women's Studies courses online at home without having to utter a word in front of a class. A burst of pounding fired from her door. Pickles, her Siamese cat leapt from a chair and scurried behind the bed. Groggy and outraged, Tweechig leapt out of a pre-work nap in the blackness and slipped on a book she had tossed on the floor next to her bed. She skidded into the wall and went down hard. The pounding grew louder as she fumbled for the lamp switch. Doctor Tweechig Haroutunian Whisper's eyes ached at the light's brilliance. This time, the mystery in the Women's Studies Department would be murder to solve.

By employing analyses of the literary structure of ancient pseudepigraphical letters and of the logical structure of ethical argument, this study discovers in the Pastoral Epistles a consistent theological ethic that has cosmological and cultic grounding. First, an investigation of Greco-Roman religious pseudepigraphical letters identifies those literary patterns that determine the form of argumentation in the Pastoral Epistles. Second, an investigation of the structure of ethical argument produces categories for organizing and analyzing the apparently disorganized arguments in these letters. Finally, this study concludes that the author of the Pastoral Epistles builds a coherent theological ethic by falsifying Pauline history and by grounding his ethical warrants in church officers.

A secret government unit is formed under the oversight of Adam Harrison, famed paranormal investigator. The six members he's gathered know a little of the otherworldly—each has honed a psychic talent of their own. Jackson Crow, part English, part Cheyenne, heads the group. Haunted by his experience with an ancestral ghost who saved his life as a child, and the recent murders of two previous teammates, Jackson can't tell if Adam's demoted him or given him an extraordinary opportunity. Despite his link to the realm of spirits, he's well aware that the living commit the most heinous crimes, with spiritualist charlatans existing merely to fool and seduce the unwary. To counterbalance Jackson's careful skepticism, Adam Harrison has paired him with Angela Hawkins, a young woman who learned the painful lesson of loss at an early age. A police officer utilizing her paranormal intuition in Virginia, she already has her hands full. But Adam's call to New Orleans is strong. The case: In a historic mansion in New Orleans's French Quarter, a senator's wife falls to her death from a balcony. Most think she jumped, distraught over the loss of her young son. Some say she was pushed. And yet others believe she was beckoned by the ghostly spirits that inhabit the house—once the site of a serial killer's grisly work. Whether supernatural or all too human, crimes of passion, greed and desire will cast the pair into danger of losing their lives...and their immortal souls.
