James Glackin"All in all it's the best thing I came across during my studies. I don't know any better way to help yourself to pass these tough

exams." Grzegorz Narozanski "The study text is easy to follow through and understand the material.

Questions after every topic gave me a lot of insight on how well I have grasped the material." Godwin "I

have received the best service from Astranti, revision questions are tailored to the exam." Wongani

The Astranti Objective Test Exam Practice Kits Our expert writers have produced between 400-600 practice

questions for each subject, across every chapter of our study text to ensure you have a comprehensive

understanding of all subject areas you are likely to face in the exam. The Exam Practice Kit questions

for this module have been split equally across two books, with the first half of the chapters (1-8) in Part

1 and the second half of the chapters (9-16) in Part 2. Each chapter contains: Learning questions - 20

short questions that will test your knowledge on all sections of the study text. Exam questions - 10 more

complex, scenario-based questions where you will be required to apply your knowledge. These

questions are excellent for identifying the topics that you are proficient in and also helping you to

determine your areas of weakness, enabling you to focus your revision where it will benefit most. They

come with detailed solutions that will ensure you have a full understanding of the topic and there is no

need to go back through the study text as the solutions give the key information you need to know

on the subject. Prepared by our expert team of

professional writers the Exam Practice Kits feature:
Full Syllabus Coverage Unique and challenging questions in a variety of formats Carefully explained and detailed solutions for ease of understanding

Fardaghaie "So I managed a 76% pass for E2 using your notes. They are very well structured and easy to use. Thank you so very much." Amanda Vakalisa "The Astranti method of teaching is systematic and easy to follow. I gained a lot of knowledge and regret not enrolling with Astranti for my earlier CIMA exams. After the course I was confident about my preparation. I would recommend the course to everyone sitting the T4b exam especially the MARKED mocks. Its the section by section detailed feedback from tutors that helps to improve and gain confidence." Gunjan Nagpal "I have cleared all 3 strategic level papers in my first attempt. I used the Astranti learning material during my final revision. They were short, precise and saved a great amount of time which made all the difference for me in the exam. Thank you very much." CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. Paper P2 - Performance Management is the second paper in the Performance pillar. It builds on Paper P1 knowledge as well as introducing such new topics as transfer pricing. The paper focuses on the ability to discuss and evaluate results as well as use techniques to calculate the numbers. The syllabus is concerned with * Analysis and discussion of pricing and product decisions * Evaluation of techniques used to in cost planning and analysis for competitive advantage * Evaluation of performance using budgets and discussion of issues in using budgets for this purpose * Discussion of how to measure performance of responsibility centres and evaluation of the usefulness of these techniques P1 requires a good understanding of the underlying concepts and techniques in all five areas. P1 also

needs you to be able to apply these concepts to practical situations, evaluate them critically and interpret the results. The P2 study text provides comprehensive coverage of the complete P2 syllabus. It features step-by-step guides to such topics as limiting factor analysis, multi-product breakeven analysis and budgeting. Each chapter includes numerous simple and comprehensive examples of how to apply various techniques. Areas that students traditionally find difficult - such as linear programming and transfer pricing - are dealt with in dedicated chapters that break these topics down into manageable sections and give students plenty of opportunities to practise techniques.
