Average or below-average dating life? It's time to change that. NOW it's time for YOU to learn and ADOPT the mindset of "the natural". This is THE shortcut that lets you avoid YEARS of struggling with this area of your life so that you can become the type of guy women NATURALLY want to spend time with. This is THE action plan for men who want to see a massive improvement in their dating lives QUICKLY. It's NOT about "How to bang as many girls as possible". The contents of this book are far more important and life-changing than that. Mainstream dating advice is generic and doesn't address or even acknowledge the core underlying issues which cause men to struggle to attract women or even hold their attention or interest for more than a couple of minutes. And the end of the day, if you don't see yourself as somebody who deserves to have beautiful, strong, intelligent, independent, sexy women in his life, then it won't happen. David T., author Some men resort to using "pickup artist" tricks to fool women into believing that they are attractive, when deep down they know that the only reason they are using "game" techniques is because they don't feel like they're enough of a man to attract women naturally. They get occasional results, but ultimately remain unfulfilled. Why waste years in the gym or trying to get rich to impress girls, or spending countless hours learning bout "pickup artist" tricks and practising your "game", when you can just read this book and get on with your life? David T., author This book explains the EXACT STEPS TO TAKE and the MINDSET that will allow you to stand out above the VAST MAJORITY of men. Most men do not understand what makes women attracted and make the SAME MISTAKES AGAIN AND AGAIN, finding themselves dealing with rejections time and time again. So what DOES make a woman feel attracted to a man? It's not about looks, money, your height, your skin colour, your income level, or the car you drive. IT'S ABOUT HOW YOU SEE YOURSELF. All but the most superficial women don't mind if you're "flawed" in some way. The key is to become a man who is comfortable in his own skin despite what you might think is unattractive about yourself. It's when a woman can see that you're good at expressing your authentic self, and that your authentic self is a guy who knows he is enough, that she can decide that she's into you. You don't need to buy her drinks and flowers, do her favours, be a "nice guy" or pretend to be a "bad boy" to win her affection. You just need to become a man who is perfectly at ease with himself and knows that any challenges life throws at him won't throw HIM off his path in life. This book will teach you how to adopt this mindset. If right now you believe that you are deserving of anything less than the highest quality women who YOU find attractive, then YOU NEED THIS BOOK. Do you want THE SOLUTION, or do you have MORE EXCUSES to not tackle this area of your life once and for all? DO NOT download this book if you're not prepared to have your entire mindset challenged with regards to meeting and attracting women. This is NOT a long book. Because the concepts in it are not complex and don't require going into excessive detail. You'll be delighted at how quickly you can internalize

the mindset explain within, and apply it to your life. THE SOLUTION STARTS WITH YOU. Delve deeply into the 3 CORE PRINCIPLES a man must internalise in order to become successful in this area of life. Fed up with pleasing everyone else before you please yourself? It's time to stop giving a f*ck. This brilliant, hilarious, and practical parody of Marie Kondo's bestseller The Life-Changing Magic of Tidying Up explains how to rid yourself of unwanted obligations, shame, and guilt--and give your f*cks instead to people and things that make you happy. The easy-to-use, two-step NotSorry Method for mental decluttering will help you unleash the power of not giving a f*ck about: Family drama Having a "bikini body" Iceland Co-workers' opinions, pets, and children And other bullsh*t! And it will free you to spend your time, energy, and money on the things that really matter. So what are you waiting for? Stop giving a f*ck and start living your best life today! Are you overdue for some attention? Wondering why you aren't getting recognition and compliments you deserve. Feeling disgruntled because your praiseworthy efforts are not being recognized. HERE'S A GREAT BOOK FOR YOU! Fact is, our culture today is obsessively focused on unrealistically positive expectations: Be happier. Be healthier. Be the best, better than the rest. Be smarter, faster, richer, sexier, more popular, more productive, more envied, and more admired. You learn about the best ways to make money because you feel you don't have enough money already. You stand in front of the mirror and repeat affirmations saying that you're beautiful because you feel as though you're not beautiful already. You follow dating and relationship advice because you feel that you're unlovable already. A revealing exploration of people whose wealth, fame, beauty, and social status grant them immense power. Celebrity culture drives us to aspire to be like the few who seem to have figured out how to have it all. But is it possible that they simultaneously have everything and nothing at all? Having treated some of the world's most successful people, psychotherapist "Dr. Paul" sets out to answer why so many people who have everything end up feeling like their achievements are never enough—as well as what that pattern can reveal about ourselves and the society in which we live. The exclusivity of living behind the velvet rope or the gilded gate doesn't guarantee happiness for the rich, famous, and powerful; there are downsides to attainment as well. We all—including people who seem protected by their privileged lives—can experience the self-destructive behaviors common to modern life, including chronic stress, addiction, anxiety, imposter syndrome, infidelity, negative body image, and narcissism. Division marks our era. There's a growing separation between the haves and have nots, men and women, as well as the empowered and the disenfranchised. At the same time, our culture is defined by celebrities, and the powerful, affluent people we put on a pedestal to idolize and emulate. Too often, we think our lives would be better if we could have what they have or be more like them. It's time to realize that even the most admired people can go through life feeling unloved and unable to escape their problems. From the therapist's chair, we learn how feelings of shame, insecurity, abandonment, and

emotional pain are all part of the human condition. With empathy, we can overcome our sense of isolation by realizing that we all crave—and deserve—understanding, intimacy, and real connection.

Learn how to stop worrying about what you should do so you can finish what you need to do and start doing what you want to do. Welcome to Get Your Shit Together, before you keep reading you should know a few things. First, this is not a traditional self-help book. Instead, think about this as more of a "let Sarah help you help yourself" help book. In other words, Sarah is here to offer "help" when your "self" gets in the way. I mean, if you could help yourself, you would've done it by now, right? Second, this book is not about cleaning up your physical messes in your life. You won't be getting tips about how to gather your shit, thank it for its service, and sending it off to the Salvation Army or Goodwill. Instead, you'll be learning how to tidy up your mental clutter like your career, finances, creative pursuits, relationships, and health. Sarah thinks of this book as a "delightfully profane one-stop-shop for tidying your mind - and making your life easier and better." No matter where you are in your life, whether you're in a rut with your career, finances, or your health, you have the power to hoist yourself out of your rut and begin living the life you want, and deserve, to live. As you read, you'll learn "how to set goals, how to push through small annoyances and thorny obstacles to meet those goals, and then how to imagine and achieve even bigger goals that you may not, until now, have thought possible."
