El programa bilingüe del Convenio MEC/British Council, nació en 1996 como una experiencia única dentro del sistema educativo estatal español. Los primeros grupos de niños finalizaron la etapa de Educación Secundaria Obligatoria en 2008. El acuerdo formal entre el Ministerio de Educación y el British Council plantea como objetivo del programa proporcionar a niños desde los 3 hasta los 16 años una educación bilingüe y bi-cultural a través de un currículo integrado español/inglés, basado en el currículo español y en el national curriculum para Inglaterra y Gales. La implantación de un currículo como este implica una actitud en el aula muy distinta a la de la clase de inglés como lengua extranjera (EFL) tradicional, centrada en el aprendizaje de inglés en vez del aprendizaje en inglés. Este enfoque integrado coincide plenamente con el espíritu de las directivas del Consejo de Europa, que insiste en la necesidad de que los niños hayan adquirido competencia lingüística en tres idiomas europeos al finalizar la Educación Secundaria Obligatoria, y que el aprendizaje de la primera lengua extranjera comience en los primeros años de la educación formal. Los objetivos específicos del programa son: Fomentar la adquisición y el aprendizaje de ambos idiomas a través de un currículo integrado basado en contenidos, crear conciencia de la diversidad de las dos culturas, facilitar el intercambio de profesores y alumnos y fomentar la utilización de las nuevas tecnologías en el aprendizaje de otras lenguas.

What can we do to avoid war? Which countries should we cooperate with... These are all politics! We need to think about and discuss politics frequently in order to know more about the world, for example: How was the United States born? How did ancient Rome and China manage society? Why are elections and voting important? When did capitalism and communism appear?

Evie, Amber and Lottie: three girls facing down tough issues with the combined powers of friendship, feminism and cheesy snacks. Both hilarious and heart-rending, this is Evie's no-holds-barred story of struggling to live a "normal" teen life in the grip of OCD, from the acclaimed author of *The Manifesto on How to be Interesting*. Read the first chapter of Holly Bourne's next book, *How Hard Can Love Be?* – EXCLUSIVE to the ebook. "An involving look at feminism, friendship and the secrets we hide even from those who know us best." - *The Observer* "An epic and unique release this summer that I plead you all to pick up! This novel has a distinct British feel with moments mixed with laughter, tainted with tears and bound with love. Holly Bourne has created a beautiful tale." - *Paper Trail YA* "This is not a novel about a condition: Evie's condition is that of being a contemporary young woman, and through her guerrilla feminist group with new soulmates Lottie and Amber (who will each get a novel to themselves shortly) she learns new pathways through life that all her peers can follow." - *The Observer* "This is quite easily Bourne's best novel yet. Might have been a tricky subject matter, but it was funny and heartbreaking and thought-provoking." - *An Awful Lot of Reading* "I love the Spinsters Club, and I so want my own! What I love is how Bourne breaks down these ideas so they are so accessible! ... There are a few feminist YA stories out at the moment, but this is the first I've read that actually talks about feminism and discusses how to be a feminist, and I think it really could be a game changer! And I am so happy! I am so, so happy and excited!" - *Once Upon a Bookcase* "This book was kind of astounding to me... I got through *Am I Normal Yet?* in one sitting" - *A Novel Youth* "It's not a book that I can find fault with because it was just written so perfectly and so carefully and sensitively. I just enjoyed it so much." - *Lucy the Reader* Holly Bourne is becoming something of a writing sensation in the world of Young Adult fiction... Using humour, high emotion, compassion,
