international film and incorporating a more global view in the classroom; and additional material on using film to tackle difficult and controversial issues; as well as updates to all of the cases. Each section of the book focuses on how teachers can effectively support the development of students' historical film literacy through topics such as using film to develop interpretive skills, to explore controversial issues, and to develop historical empathy. By developing the skills students need to think critically about the past or what they think they know about history, the lessons in this book illustrate how to harness the pedagogical power of film to provide the tools necessary for rigorous inquiry and democratic citizenship. Special features include: "Reflection on the Case," following each chapter, analyzing and discussing the strengths and limitations of the teacher's approach as well as providing strategies for using and choosing films specific to the educational outcome Sample unit outlines, descriptions of class texts and films, worksheets, essay questions, viewer guides, and exercises for the classroom throughout Discussion of the practical considerations facing classroom teachers, including juggling time restraints, issues of parental permission, and meeting standards

The twenty-first century Reading War is, in fact, nothing new, but some of the details are unique to our current culture driven by social media. This volume seeks to examine the current Reading War in the context of the historical recurrence of public and political debates around student reading abilities and achievement. Grounded in a media fascination with the "science of reading" and fueled by a rise in advocates for students with dyslexia, the current Reading War has resulted in some deeply troubling reading policy, grade retention and intensive phonics programs. This primer for parents, policy makers, and people who care confronts

discover its meanings by tracing the story anew. Lee's unique narrative perspective offers readers a bird's-eye view to experience four levels of the story: heaven, earth, abyss, and the lake of fire. Lee develops a theological account of John's pneumatology and surely extends Christian pneumatology, a doctrine inseparable from the life of the church. Readers will come away with a greater understanding of the role of the Holy Spirit, which will enable them to enjoy a deeper fellowship with the Holy Spirit more intimately than ever before. Lee portrays the book of Revelation as a mission-oriented book that tells how the kingdom of God will be built in this world through spiritual warfare, rather than as a book of eschatology. Lee's book will serve as a spiritual wake-up call to the modern church and the people of God in its accurate portrayal of the Holy Spirit and vivid description of spiritual warfare.

Describes strategies teachers can use to promote reading comprehension in students from kindergarten through eighth grade; and includes examples of student work, illustrations, and other reference tools.
