In the summer of 2006, Colour-Sargeant Kailash Limbu's platoon was sent to relieve and occupy a police compound in the town of Now Zad in Helmand. He was told to prepare for a forty-eight hour operation. In the end, he and his men were under siege for thirty-one days - one of the longest such sieges in the whole of the Afghan campaign. Kailash Limbu recalls the terrifying and exciting details of those thirty-one days - in which they killed an estimated one hundred Taliban fighters - and intersperses them with the story of his own life as a villager from the Himalayas. He grew up in a place without roads or electricity and didn't see a car until he was

fifteen. Kailash's descriptions of Gurkha training and rituals - including how to use the lethal Kukri knife - are eye-opening and fascinating. They combine with the story of his time in Helmand to create a unique account of one man's life as a Gurkha.

Shamans, Mystics and Doctors is a detailed and thoroughly fascinating account of the many ways in which the ancient healing traditions of India—embodied in the rituals of shamans, the teachings of gurus and the precepts of the school of medicine known as Ayurveda—diagnose and treat emotional disorder. Drawing on three years of intensive fieldwork and his own psychoanalytic training and experience, Sudhir Kakar takes us into a world of Islamic mosques and Hindu temples, of assembled multitudes, and dingy, out-of-the-way consultation rooms... a world where patients and healers blame evil spirits for emotional disturbances... where dreams and symptoms that would be familiar

to Freud are interpreted in terms of a myriad of deities and legends... where trance-like “dissociation states” are induced to bring out and resolve the conflicts of repressed anger, lust and envy... where proper grooming, diet, exercise and conduct are (and have been for centuries) seen as essential to the preservation of a healthy mind and body. As he witnesses the practitioners and their patients, as he elucidates the therapeutic systems on which their encounters are based, as he contrasts his own Western training and biases with evidence of his eyes (and the sympathies of his heart), Kakar reveals the universal concerns of these individuals and their admittedly foreign cultures—people we can recognize and feel for, people (like their Western counterparts) trying to find some balance between the pressures and rewards of the external world and the fantasies and desires of the internal. This is a major work of cultural interpretation, a book that challenges (and should enhance) our understanding of therapy, mental health and individual freedom.

“Kalu picked up the flute by his side and started to play. The sound was deep and full, as if he were translating his thoughts into music. It stayed in the air like dust floating on the sunlight, and each note held the promise of something not quite spoken but maybe heard in the darkness of a dream.”

Abandoned as a young child, Kalu, a cheeky street kid, has carved out a life for himself in rural India. In the quiet village of Hastinapore, Kalu has also found friends: Bal, the solitary boy who tends the local buffaloes, and Malti, a gentle servant girl, who with her mistress, Ganga Ba, has watched over Kalu since he first wandered into the small town. One day, perched high in the branches of a banyan tree, Kalu chooses a leaf, rolls it tightly, and as he's done for as long as he can remember, blows through it. His pure, simple notes dance through the air and attract a traveling healer, whose interest will change Kalu's life forever, setting him on a path he would never have dreamt possible and testing his belief in himself and his sense of identity. Rich in texture and atmosphere, *Dancing to the Flute* is a heartwarming story of a community's joys and sorrows, the transformative powers of music, the many faces of friendship, and a boy's journey, against all odds, to become a man.

Engaged Buddhism is founded on the belief that

genuine spiritual practice requires an active involvement in society. Engaged Buddhism in the West illuminates the evolution of this new chapter in the Buddhist tradition - including its history, leadership, and teachings - and addresses issues such as violence and peace, race and gender, homelessness, prisons, and the environment. Eighteen new studies explore the activism of renowned leaders and organizations, such as Thich Nhat Hanh, Bernard Glassman, Joanna Macy, the Buddhist Peace Fellowship, and the Free Tibet Movement, and the emergence of a new Buddhism in North America, Europe, South Africa, and Australia.

Siddha Rajakumar was a young South Indian film director when he first met his Guru Siddha Kagapujanda in 1981. He was rigorously trained in spiritual practices and blessed with supernatural yogic powers by Siddha Kagapujanda at the youthful age of twenty-four. Armed with the knowledge that eradicating hunger and disease in mankind is both a service to the Lord and a mighty penance, Siddha Kagapujanda transformed Siddha Rajakumar into a redeemer of the Age of Vice and escorted his beloved disciple to all the caves and shrines of the Western Ghats, a mountain range of Southern India throughout which siddhas meditate in the astral form. Siddha Rajakumar has access to all the caves, hills, and jungles where siddhas meditate in South India.

His knowledge about them is unparalleled and cannot be challenged by any living person.

**AN UNPRECEDENTED PORTRAIT OF A GREAT
YOGA TEACHER AND THE WAYS IN WHICH**

TEACHINGS AND TRADITIONS ARE PASSED ON It is a rare and remarkable soul who becomes legendary during the course of his life by virtue of great service to others. Sri K. Pattabhi Jois was such a soul, and through his teaching of yoga, he transformed the lives of countless people. The school in Mysore that he founded and ran for more than sixty years trained students who, through the knowledge they received and their devotion, have helped to spread the daily practice of traditional Ashtanga yoga to tens of thousands around the world. Guruji paints a unique portrait of a unique man, revealed through the accounts of his students. Among the thirty men and women interviewed here are Indian students from Jois's early teaching days; intrepid Americans and Europeans who traveled to Mysore to learn yoga in the 1970s; and important family members who studied as well as lived with Jois and continue to practice and teach abroad or run the Ashtanga Yoga Institute today. Many of the contributors (as well as the authors) are influential teachers who convey their experience of Jois every day to students in many different parts of the globe. Anyone interested in the living tradition of yoga will find Guruji richly rewarding.

This collection of short stories is for the fast-paced millennials, whom the author calls “The Post Googlist Generation” who want everything hastily, at their fingertips and on the go. The language has also shrunk in size to allow the pace. The world-view of this generation is that what cannot be done through an app cannot and should not be done. Their expectations of a story are a striking start, a quickly built middle and an

interesting end. Stories in the collection seek to meet these expectations of this generation talking to them in their own language. They also echo the changing lives and changing aspirations of the time.

This book provides a set of fresh and compelling interdisciplinary approaches to the enduring phenomenon of the guru in South Asia. Moving across different gurus and kinds of gurus, and between past and present, the chapters call attention to the extraordinary scope and richness of the social lives and roles of South Asian gurus. Prevailing scholarship has rightly considered the guru to be a source of religious and philosophical knowledge and mystical bodily practices. This book goes further and considers the social engagements and entanglements of these spiritual leaders, not just on their own (narrowly denominational) terms, but in terms of their diverse, complex, rapidly evolving engagements with 'society' broadly conceived. The book explores and illuminates the significance of female gurus, gurus from the perspective of Islam, imbrications of guru-ship and slavery in pre-modern India, connections between gurus and power, governance and economic liberalization in modern and contemporary India, vexed questions of sexuality and guru-ship, gurus' charitable endeavours, the cosmopolitanism of gurus in contexts of spiritual tourism, and the mediation of gurus via technologies of electronic communication. Bringing together internationally renowned scholars from religious studies, political science, history, sociology and anthropology, *The Guru in South Asia* provides exciting and original new insights

into South Asian guru-ship.

"My mother used to weave aaydans, the Marathi generic term for all things made from bamboo. I find that her act of weaving and my act of writing are organically linked. The weave is similar. It is the weave of pain, suffering, and agony that links us." Activist and award-winning writer Urmila Pawar recounts three generations of Dalit women who struggled to overcome the burden of their caste. Dalits, or untouchables, make up India's poorest class. Forbidden from performing anything but the most undesirable and unsanitary duties, for years Dalits were believed to be racially inferior and polluted by nature and were therefore forced to live in isolated communities. Pawar grew up on the rugged Konkan coast, near Mumbai, where the Mahar Dalits were housed in the center of the village so the upper castes could summon them at any time. As Pawar writes, "the community grew up with a sense of perpetual insecurity, fearing that they could be attacked from all four sides in times of conflict. That is why there has always been a tendency in our people to shrink within ourselves like a tortoise and proceed at a snail's pace." Pawar eventually left Konkan for Mumbai, where she fought for Dalit rights and became a major figure in the Dalit literary movement. Though she writes in Marathi, she has found fame in all of India. In this frank and intimate memoir, Pawar not only shares her tireless effort to surmount hideous personal tragedy but also conveys the excitement of an awakening consciousness during a time of profound political and social change.

Right since its inception, there has been a tradition in the

RSS of not highlighting the work of an individual, so the lives and work done by the Sarsanghchalaks have not been discussed publicly much. The general perception is that the RSS chief (Sarsanghchala) is one of the most powerful persons in the country as he holds sway over millions of swayamsevaks (volunteers) and dozens of organisations run by these swayamsevaks including the Bharatiya Janata Party which rules at the Centre as well as in several states. But what is the truth? What role Sarsanghchalaks have played in shaping the RSS? This well researched book takes one through the lives of the five Sarsanghchalaks who had steered RSS since its inception through one of its most tumultuous years. It tells a hitherto untold story about not only the lives of the Sarsanghchalaks but also the journey of the RSS itself.

This is the true story of a little boy who saw, loved, and honoured the divine Light in everything and everyone...and this made him very different from other children. While other children would go to the playground to play, he would go to temples and pray. While others would spend their money on candy, he would spend his money on pictures of saints. He was teased, sometimes, for being so different, but he would grow up to become the Satguru, the great spiritual teacher, that we now respectfully call 'Guruji'. This is the true story of a child with the Light inside: Paramahansa Sri Swami Vishwananda.
