God's New Testament Economy is a thorough study of the New Testament. It does not provide superficial inspiration nor is it a dry, systematic analysis. However, in this book Witness Lee presents a revelation of the Triune God's plan that will both inform and encourage the reader to pursue a full experience of our wonderful Triune God.

This book show us that God's purpose is His building in His chosen place of oneness. It then shows us the revelation of the building of the church in Genesis and in the writings of Peter, Paul, and John.

The Recovery Devotional Bible stands alongside the Twelve Steps as a unique tool for those in recovery from addictive, compulsive, or codependent behavior patterns. Based on the New International Version, this unique Bible strengthens, assists, and encourages the reader with fresh perspectives on the link between faith and recovery.

The four pillars in the Lord's recovery are the truth, life, the church, and the gospel. The truth brings us life, life produces the church, and the church is responsible for the preaching of the gospel.

Drawn from the Beatitudes, Celebrate Recovery helps people resolve painful problems in the context of the church as a whole. Rather than setting up an isolated recovery community, it helps participants and their churches come together and discover new levels of care, acceptance, trust, and grace.

This book is composed of messages on these topics, which are emphases of the New Testament church: the oneness of the Body of Christ, Christ, the Spirit, the Church, and the God-ordained way.

As we are learning to serve the Lord, we need to be in constant fellowship with Him and rely on His grace, but we also must be willing to address the matter of our character in order to be useful to the Master. The things which can be entrusted to us, the responsibilities we can bear, and the things we can accomplish are fully dependent on our character. In Character Witness Lee addresses the crucial matter of developing a proper character in those who love and serve the Lord. Beginning with a brief description of thirty essential character traits, Witness Lee provides a clear understanding of the importance of character and then presents clear examples of proper character from the Bible. Finally, he shows the relationship between our character and our capacity to effectively contact people in order to bring them into contact with the Lord. Ultimately, our effectiveness in reaching people for the Lord depends on our character.

This softcover Bible is an ideal, real-life spiritual guide for anyone looking for hope in the face of the difficult circumstances of their lives and the negative habits they are trying to control. Featuring a foreword by Rick Warren, this Bible includes articles that explain the eight recovery principles of the Celebrate Recovery program and the accompanying Christ-centered twelve steps, 30 days of devotional readings, and over 50 full-page biblical character studies.

Throughout the centuries, translations of the Bible have steadily improved. In general, each new translation inherits from previous ones and opens the way for later ones. While a new translation derives help from its predecessors, it should go further. The Recovery Version of the New Testament, following the precedent set by the major authoritative English versions and taking these versions as reference, not only incorporates lessons learned from an examination of others' practices but also attempts to avoid biases and inaccurate judgments. This version, frequently guided by other versions, attempts to provide the best utterance for the revelation in the divine Word, that it may be expressed in the English language with the greatest accuracy. Translating the Bible depends not only on an adequate comprehension of the original language but also on a proper understanding of the divine revelation in the holy Word. Throughout the centuries the understanding of the divine revelation possessed by the saints has always been based upon the light they received, and this understanding has progressed steadily. The consummation of this understanding forms the basis of this translation and its footnotes. Hence, this translation and the accompanying footnotes could be called the "crystallization" of the understanding of the divine revelation which the saints everywhere have attained to in the past two thousand years. It is our hope that the Recovery Version will carry on the heritage that it has received and will pave the way for future generations. As with any New Testament translation, the determination of the original Greek text, based upon the available manuscripts, forms the basis for the text of the Recovery Version of the New Testament. The Recovery Version follows, for the most part, the Nestle-Aland Greek text as found in *Novum Testamentum Graece* (26th edition). However, in determining the original form of any verse, the translators of the Recovery Version gave careful consideration to the larger context of chapter and book and to similar portions of the New Testament. The most recently discovered manuscripts or the manuscripts of oldest date are not necessarily the most accurate or reliable; hence, the determination of the text for this version was based largely upon the principle stated above. Departures from the Nestle-Aland text are sometimes indicated in the footnotes. Italicized words in the verses indicate supplied words, not found in the Greek text. Quotation marks are used to indicate close quotation from the Old Testament. The Recovery Version embodies extensive research into the meaning of the original text and attempts to express this meaning with English that is to the point, easy to understand, and readable. In those places where it is difficult to express the exact meaning of the original Greek, explanatory footnotes have been supplied. The subject provided at the beginning of each book and the outline of each book take the historical facts as their base and express the spiritual meaning in each book. The footnotes stress the revelation of the truth, the spiritual light, and the supply of life more than history, geography, and persons. The cross-references lead not only to other verses with the same expressions and facts but also to other matters related to the spiritual revelation in the divine Word.

In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.
