

How To Make Paper Plate Duck

Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of the sea. The Planning for Learning series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy. This book takes you through six weeks of activities on the theme of the sea and oceans. Each activity is linked to a specific Early Learning Goal, and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting. This book also includes a photocopiable page to give to parents with ideas for them to get involved with their children's topic, as well as ideas for bringing the six weeks of learning together. The weekly themes in this book include: what are sea and oceans; sand, shells and pebbles; boats and shops; sea creatures and plants and sea and beach safety.

101 Things you can make with a Paper Plate . . . is a perfect book for child care centers, kindergartens, recreation centers, church groups, Cub Scouts, Brownie Scouts, babysitters, grandparents, and parents . . . All the paper plate ideas in this book are simple to make --all you need are paper plates, glue, scissors, staples, crayons, paints and some other extra items like glitter, cotton balls, streamers and other easy-to-buy items . . . 101 Things you can make with a Paper Plate . . . is truly for children of all ages! This book will not only give specific examples of displays which actively involve children in their development and which encourage ongoing interaction (to include photographic examples) but it will also address some of the traditional views about display and show how changing these views can lead to display becoming more than just decorative wall covering.

This bestselling resource contains more than 50 fun and creative craft ideas. While learning about favorite Bible stories, children can make animals, wall hangings, masks, games, mobiles, and more--all using paper plates. These ideas are great for Sunday school, day school, home school, or babysitting.

Bang up to date with the new EYFS this exciting series of books helps practitioners working with 3-5 year olds integrate the newly proposed 7 areas of learning and 19 aspects into their planning and day to day activity. Owing to the fun, practical nature of the activities it is suitable for a wide range of setting, including schools, pre-schools, childminders and nurseries. Through the topic-based approach children will be involved in playing and exploring, active learning and creating and thinking critically. Each book contains six weeks of highly detailed planning with an activity for each specific area of learning. A unique feature of the series is the differentiation - activities are pitched at expected, emerging and exceeding levels so the practitioner can meet the needs of all the children in her setting.

Holy days and holidays, special times and ordinary time, the celebration of the church year adds spiritual meaning and depth to our lives as Christians. Around the Year in Children's Church is a resource created to help children understand and celebrate the entire liturgical year from the first Sunday of Advent through Kingdome tide. Around the Year in Children's Church is filled with fifty-two active, hands-on programs. Each featuring a simple Christian message related to the season of the church year or a particular holiday; a Bible verse; a story; a prayer; a time for sharing; a snack; and a musical activity, a craft, or a game. The programs are structured to last from thirty-five to forty minutes. An additional activity is included for those who want to extend Children's Church to a full hour. Supplies and set-up are kept to a minimum, and the easy-to-use format makes it just right for today's busy teacher. Winner of the American Journal of Nursing Book of the Year 2011 (Category: Maternal And Child Health) Building on children's natural inclinations to pretend and reenact, play therapy is widely used in the treatment of psychological problems in childhood. This book is the only one of its kind with more than 200 therapeutic activities specifically designed for working with children and teenagers within the healthcare system. It provides evidence-based, age-appropriate activities for interventions that promote coping. The activities target topics such as separation anxiety, self-esteem issues, body image, death, isolation, and pain. Mental health practitioners will appreciate its "cookbook" format, with quickly read and implemented activities.
