The mountain of the moon is a story about taking a chance dare which, with its wings of imagination, leads you to the silver lining after a storm. Shankar, an ordinary young boy from rural India, crosses many skies and seas to explore an altogether different world—africa. There, he joins a seasoned Portuguese Explorer, Diego alvarez on a daring mission. But is the destination worth the toil of the journey? Moreover, will Shankar get to the peak of his mountain of dreams? The Storyline, with a series of adventures, is a testimony to the eternal virtues of courage, curiosity and compassion. It gradually becomes a tantalizing tale of an unusual friendship that evolved in the spectacular but dangerous African forests and grasslands teeming with mysterious wildlife, people and their folklores. Experience this classic adventurous narrative in English that will lead you again to an era of picaro, when one dared to dream. This book has also been adapted into a popular Bengali movie.

Bhutan is a country in the Himalayas with a relatively new education system and a unique governmental philosophy known as Gross National Happiness. This book explores the history, culture, challenges, and opportunities of schooling in Bhutan. It discusses topics including historical perspectives on Buddhist monastic education, the regional and international influence on educational development, traditional medical education, higher education, and the evolution of Bhutanese educational policy, to name but a few. It also investigates contemporary challenges to schooling in Bhutan such as adult education, inclusive education, early childhood education, rurality, and gender. Throughout the book, the developmental philosophy of Gross National Happiness is explored as a novel and culturally vital approach to education in Bhutan. The majority of the authors are prominent Bhutanese scholars and educational leaders, with select non-Bhutanese international scholars with strong links to Bhutan also

contributing. This book is a valuable resource not only for those specifically interested in education in Bhutan, but for anyone with an interest in South Asian studies, general Asian studies, educational development, comparative education, Buddhist education, and the Gross National Happiness development philosophy.
