### Introduction to Management Accounting

For MBA-level managerial accounting courses. This Global Edition has been edited to include enhancements making it more relevant to students outside the United States An essential tool for understanding how to make effective economic decisions. In today's troubled economy, it's important to show students how managerial decisions can affect business costs. Introduction to Management Accounting helps to enhance students' ability to make effective economic decisions by encouraging them to understand the inner-workings of the concepts, rather than solely focusing on technique memorization. Overall, this text describes both theory and common practices in a way that will help students produce information that's useful in day-to-day decision-making.

With its tried-and-true framework and respected author team, Horngren/Harrison/Oliver's Financial & Managerial Accounting is the trusted choice for instructors and students of Principles of Accounting. Get refreshed with Horngren/Sundem/Stratton's Introduction to Management Accounting, 14th Edition. This best-selling book offers a relevant, real-world decision-making approach to management accounting. Readers develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. This book emphasizes the notion that "You need to understand the business first, before you can understand the accounting of business." Updated to cover the most recent methods in management accounting, topics include: cost behavior, cost management systems, and activity-based costing; marketing and product decisions; the master budget; flexible budget and variance analysis; management control systems; capital budgeting; cost allocation; and job-costing and process-costing systems; basic accounting concepts, techniques, and conventions; corporate financial reports and basic financial statements; and consolidated financial statements. An excellent reference resource for managerial accountants.

Make the right decisions with Horngren/Sundem/Stratton! Horngren/Sundem/Stratton's best-selling texts emphasize decision-making throughout each chapter. Decision-making is introduced in the early text chapters and also appears in many of the text features: "Making Managerial Decisions" boxes, critical thinking exercises, and more. As always, students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. Two text versions enable faculty to select a text that only covers management accounting concepts (Chs. 1-14) or one that includes three chapters of financial accounting review (Chs. 1-17). New OneKey provides the convenience of having all text resources in a single location and available in your choice of course management platform: BlackBoard, WebCT, and CourseCompass. OneKey also includes PH Grade Assist on-line homework with automatic grading and infinite practice for students).
