If you believe some news stories, the latest iPhone update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the

latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 8) then you will most probably find it useful. If you are ready to learn read on!

Product description*This is a user manual. Don't mistake it for actual phone, please.The iPhone doesn't come with a printed user guide, but that doesn't mean that there isn't a guide. You just need

to know where to look for it. All iPhone models are relatively similar when it comes to their hardware. It's the software that's really different. Apple releases a user guide that covers all models that can run the latest operating system every time there's a major new version of the iOS (the operating system that runs on the iPhone). This Guide is a splendid companion for iPhone of all type. This is a very thorough, no-nonsense guide, particularly very useful for the newbies. This guide contains a lot of information on how you can satisfactorily use your iPhone's. It is full of actionable steps, hints, notes, screenshots and suggestions. This guide is particularly useful for newbies and seniors; nevertheless, I strongly believe that even the techy guys will find benefits reading it. Put simply, if you want to get the most out of your phone choose this guide. This paperback has a black-and-white interior and a full-color cover. In addition, you would get a free eBook copy of this guide when you purchase the paperback, this would allow you to clearly see all the screenshots that might not be clear enough in the black & white paperback.
