One woman's memoir of getting a cancer diagnosis at age thirty-two—and how rediscovering her faith in God carried her through to a second chance at life. A breast cancer diagnosis at age thirty-two left Maimah Karmo's world shattered. She was the survivor of civil unrest in Liberia, a college-educated corporate professional, and a dedicated mother to her daughter—breast cancer was not part of the plan. How could this happen? With the help of family and friends, Maimah uncovered her own strength, rediscovered her faith in God, and navigated a completely foreign medical world. Through this struggle to reclaim her body and her soul, she learned what was truly important in life—and she didn't stop there. During recovery, Maimah took a leap of faith and founded the Tigerlily Foundation, an organization that supports young women before, during, and after breast cancer. She had lived through her own journey; now she wanted to help others do the same. This inspiring account covers Maimah's journey through an exceptional childhood to her experience with cancer that would change her life forever. It is not only a story of love and determination, but also of what can happen when you are given a second chance at life. Fearless illustrates that even when a situation appears to be impossible, true faith—in yourself, in God, and in those you love—will lead you toward the life you always wanted, the life you have a reason to fight for.

Butterfly Wings is a book that was written following the loss of my father. During a time of great sadness and heartache, God's love, comfort, and peace began to flood my soul in those early days. Even in the midst of pain, there is beauty to be found. I began having personal experiences with butterflies. They just started showing up, and boy, how often they came in those early months. The butterflies provided such comfort and peace in ways that I cannot fully convey. I just know what they meant to me. The beauty of those butterflies got me thinking of the life cycle of the caterpillar, and once his job is complete, he blossoms into the beautiful butterfly. Much like the caterpillar, we too live our lives here on earth; and once our job is complete, we too, like the butterfly, begin our new life with our Lord and Savior. Our life is not complete; it just changes. We are given a new life through Christ. My hope is that this book will provide some comfort and a sense of peace to others dealing with the loss of a loved one. We will always miss our loved ones, but we know that they are always with us, in our hearts, in our thoughts and in spirit. Yes, my friends, even in the midst of pain, there is beauty to be found. In loving memory of my dad, John McDonald (1947-2015).

Using the Apostles' Creed as the "primary text" this book explores what we believe as Christians and how those beliefs are relevant today. The author's goal is to help pastors educate and transform members of their congregations. He examines the Creed phrase by phrase in brief sections suitable for congregational study or for emailing to the congregation. For each phrase in the Creed, a "deeper reflection" provides material for preaching a 13-sermon series or for further congregational study. A detailed appendix includes recommendations of hymns and songs related to each phrase in the Creed; the suggestions are keyed to several hymnals and songbooks.

A warmhearted and tender true story about a young girl finding beauty where she never thought to look. Drawn from author Kao Kalia Yang's childhood experiences as a Hmong refugee, this moving picture book portrays a family with a great deal of love and little money. Weaving together Kalia's story with that of her beloved grandmother, the book moves from the jungles of Laos to the family's early years in the United States. When Kalia becomes unhappy about having to do without and decides she wants braces to improve her smile, it is her grandmother—a woman who has just one tooth in her mouth—who helps her see that true beauty is found with those we love most. Stunning illustrations from Vietnamese illustrator Khoa Le bring this intergenerational tale to life.

This collection of papers is the seventh volume in the Comparative Austronesian series. The papers in this volume focus on societies from Sumatra to Melanesia and examine the expression and patterning of Austronesian thought and emotions.

aesthetic gives an account of Christian worship in terms of a new set of categories that includes divine beauty, a theology of sensibility, and the new notion of a unitive revelatory experience. These categories help to reveal the aesthetic dimensions of the Church's watershed document on the liturgy, Sacrosanctum Concilium. The Church today stands in need of a new conversation on the aesthetic dimension of the liturgy and the role of the arts. Contrary to common opinion, the arts provide more than an environment or mere extrinsic ornamentation for the liturgy; they are intrinsic to the very nature of liturgy. They provide the means of being sanctified in the encounter with divine beauty that is the mystery of Christian worship. Artistic expression enables the worshiping community to receive the divine mystery in beauty.

In 2015, he suffered the devastating loss of his beloved big brother, Beau, who died of brain cancer at the age of forty-six. Vincent Schiavelli is known to most of us as a character actor who has appeared in such films as *Ghost*, *Man on the Moon*, and *One Flew Over the Cuckoo's Nest*. Schiavelli grew up in Brooklyn, speaking both Sicilian and English at home. Some of his earliest memories are of sitting at the kitchen table while his grandparents told stories of the life and the people they had left behind in Polizzi Generosa, a small city in the Madonie Mountains of Sicily. As Schiavelli grew older, those stories, and the city about which they were told, took on a mythic quality. When he was nearly forty he made his first trip there, and what he found was more extraordinary than the "once upon a time" fables of his childhood. In *Many Beautiful Things*, Schiavelli invites readers to join him in discovering the people, culture, and food of the city that has, in essence, become his second home. Equal parts memoir and cookbook, it is the best of both. Schiavelli is an accomplished and elegant writer who evokes a foreign and often closed culture from a unique perspective: an outsider fluent in the language with still-strong familial ties. The recipes -- which reflect the ancient influences of Greece, North Africa, and Spain -- are simple, rustic, and delicious, depending on local products and seasonal bounty. This is not your usual Southern Italian fare but a unique regional cuisine: Pumpkin Caponata, Ditali with Drowned Lettuce, Fried Ricotta Omelet, Potato Gratin with Bay Leaves, Almond Love Bites, Veal Shoulder Roasted with Marsala, and Baked Pasta with Almonds (rigatoni baked in a pork ragu with chopped toasted almonds) are just a few of the extraordinary dishes you'll find in this book, all of which can be reproduced by cooks with delectable results. Schiavelli provides a comprehensive list of mail-order sources. And if you want to visit Polizzi Generosa, there's a guide on how to get there, where to stay, and where to eat. Illustrated with black-and-white line drawings by Polizzi's best known artist, Santo Lipani (who also happens to be an extraordinary cook), *Many Beautiful Things* is a feast, both culinary and literary.

Williamsji Maveli's poetic analysis is a deep expression of the noblest human emotions: of love and sympathy, of awareness of the infinite value of life, of the realizations of the eternal truth through the strokes of individual talents of creativity. Poetry focuses on the expression of feelings and ideas by the use of distinctive style and rhythm. Imagination is the ability of the mind to be creative or resourceful and be active without worries; every word has its own meaning, detached from the actual word it's described by. Poetry achieves a different level of understanding by allowing us to really experience life through the emotions and experiences of others; it is a blend of imagination and truth. Poetry is the art of apprehending and interpreting ideas by the faculty of imagination; the art of idealizing in thought and in expression. Poetry is all those put together in a single volume of human brilliance! And a poet's life and analytical studies belongs to the future as well as the present. A true poet lives not only in his contemporary time but also in the time of the future with his cultural heritage projecting the eternal essence of human sympathy and consciousness.

These exceptional sermons by J. Wayne McKamie are among the most thought-provoking and spiritually challenging that you will find concerning the human application of the parables of our Lord and Savior Jesus Christ. He captures both the divine nature and the human nature of Jesus' words and then points out life-changing lessons from these truths, which, if we truly apply them to our hearts and lives, will make us much better people in the service of our Lord. According to Wayne, his main attempt has been to make these grand sermons live anew in the hearts of the Lord's people. He has said, "They have lived for me; I want them to live for others." This series of sermons can be utilized as a great study tool in gaining a more thorough understanding of Jesus' parables. It is also just an enjoyable read for the spiritually minded!

The trilogy *Funeral Drums for Lambs and Wolves* includes *Isabel Banished* in *Isabel*, the monologue of a woman left to go mad alone; *Without Apparent Motive*, the monologue of a murderer lamenting the spread of violence; and *The Guest, or Tranquility Is Priceless*, a confrontational dialogue that speaks directly to the spectators, implicating them for their silent, passive tolerance of Pinochet. The title play, *Radrigan's 1981 masterpiece*, speaks directly to the specter of the disappeared."--Jacket.

Description""A mental illness such as schizophrenia or bipolar disorder can seriously affect one's appraisal of life. Both in a negative way and a positive way. In a negative way, to try to function like a normal adult in today's fiercely competitive world whilst

under the influence of loads of medication, life can be a very hard battle. Believe me it is hard. From a positive perspective, coping with life whilst being schizophrenic can enable one to step back from life and obtain a view of it that most people do not ever have. To engineer one's life with enough skill and alacrity to ensure one obtains at least some satisfaction from it depends on things I do not understand. Perhaps some people do. But the secret of happiness seems, on the face of it, to be once again a subjective issue. Something only you alone can deal with." And this is what this book does: this book is one man's attempt to imbue life, writing and art with meaning, understanding and happiness. It is senseful, compassionate and creative to an unusual degree. About the Author Tom McNeight lives in Wanganui, New Zealand. In spite of his diagnosis as a paranoid schizophrenic, with the discrimination he has often experienced and the many manual occupations he has had to work at, he has lived an interesting and exciting life. This includes such adventures as mountaineering, parachuting, bungy jumping, tramping and working in the bush, and fishing. He has completed many philosophy papers at university and has developed a skill in both writing and painting. He continues to enjoy these activities, frequently holding painting exhibitions and writing new books. His other continuing hobby is fishing.
