

# Math In Focus Singapore Math Teachers Edition Book A Grade 2 2009

Math in Focus presents the Singapore approach to math in a way that is easy to use and understand. Available for Kindergarten through 5th grade, Math in Focus: The Singapore Approach is the United States edition of Singapore's most widely used program. Carefully paced instruction that focuses on teaching fewer math topics per year to a level of mastery. Consistent use of visual models and manipulatives that carefully bridge the concrete and the abstract encouraging algebraic thinking, facilitating communication of math ideas, and solidifying learning. Instruction centered around problem solving using multiple models to help students visualize and understand the math concepts. Ample practice for continuous ongoing assessment"

Singapore has been a world leader in math performance for over 15 years. Bring the world-class Singapore curriculum to your students with Math in Focus. Singapore's curriculum was one of the models used to create the Common Core State Standards. Math in Focus provides complete Common Core support for teachers and students. Math in Focus teaches concepts using a concrete-
