"We all know that despite our best-laid plans, crap happens! Preet wants you to know how to protect yourself so that when it does, you have options. Five simple rules. That's all. Follow them."—Gail Vaz-Oxlade, TV host and bestselling author of Debt-Free Forever "Preet Banerjee helps you sort through the spin and find the truth about keeping your finances on track. He acts as a trusted friend who talks in terms you can understand without talking down to you."—Ellen Roseman, Toronto Star personal finance columnist Personal finance is a lot like physical fitness. In order to be in better shape, everyone knows they have to work out and eat well. A personal trainer delivers results, not by showing clients a new way to perform sit up, but rather by simply make sure the sit up gets done. In Stop Over-Thinking Your Money!, Preet Banerjee explains the financial equivalents of what exercise and diet you need to know in order to be in top fiscal shape. There are so many buzzwords in the world of money that most people's heads spin, their eyes glaze over, or they tune out altogether. It can be overwhelming and for many of us, it seems like there is just too much to know – so we don't get started on taking care of our money. The good news is that out of all the information out there in the personal financial world, at most you will only ever need to know about 20 percent of it. That small amount of knowledge is

what will put you ahead of most Canadians. In *Stop Over-Thinking Your Money!*, Banerjee explains in 5 simple rules how to think about money and focus on the 20 percent of what you really need to know to confidently take charge of your money.

Canadian Edition, revised and updated. With hundreds of thousands of copies in print around the world, *Smart Women Finish Rich*, by financial advisor David Bach, has shown women of all ages and backgrounds how to take control of their financial futures. Whether you're working with a few dollars a week or a substantial inheritance, Bach's nine-step program gives you the tools for spending wisely, establishing security and aligning your money with your values. This new Canadian edition includes up-to-date tax information, income-building strategies, online resources, pension planning and new ways to attract greater wealth -- personal and financial -- into your life. From the Trade Paperback edition.

Every year, thousands of Americans make the leap to an exciting, rewarding new career in real estate. If real estate is your dream career, passing the real estate license exam is the first step to success. With real estate basics and unbeatable study tips, *Real Estate License Exams For Dummies* will help you pass the test with flying colors — and get your new career off to a great start. If you want to get the best possible score on the exam, you need the kind of practical test preparation guidance you'll find here — all at a much cheaper price than you'd pay for a test preparation seminar or class. *Real Estate License Exams For Dummies* covers all the basics on: How — and what — to study Knowing what to expect on test day Developing the math skills you'll need Understanding your state's license laws and procedures Different exam formats In addition to helping you get a great score on the test and get licensed, this handy guide also covers the basics of the real estate business itself — from legal issues to taxes to contracts. For anyone preparing for the license exam, or just thinking about taking it, this unbeatable study guide answers all your most vital questions on: Careers and job opportunities in real estate How commissions and other forms of payment work Working independently or for an agency Federal fair housing laws you should know Land and ownership rights Owning through partnerships, cooperatives, and corporations Deeds, mortgages, and closings Types of real estate contracts and agreements Environmental regulations Valuation and property appraisal Financing and taxes Using real estate as an investment vehicle Plus, two practice exams with answers and explanations let you test your knowledge before you take the exam, so you'll know if you're ready or not. *Real Estate License Exams For Dummies* is a helpful, straightforward resource that puts future real estate professionals on track for success.

If you read the papers and listen to the "experts," you've heard the usual pitches about retirement: you'll need a million dollars or more so you better start an RRSP early and maximize your contributions, trust the stock market and mutual funds for the best returns and put your faith in a financial advisor. But what if this advice is wrong? By reading this book, you will learn the truth about these myths. You will also be given six free spreadsheets to figure out where you really stand, including the latest "Retirement Optimizer" that allows you to compute your retirement income year-by-year and the "Personal Rate of Return Calculator" so you can determine just how well your investments have done. Find out how much you'll really need to save. *Smoke and Mirrors* dispels the five main retirement myths: If I had \$1,000,000 I could retire. Find out why you might be fine with much less. RRSPs are the holy grail of retirement. Discover what is more important than the size of your RRSP. Don't worry about your investments; you'll be fine in the long run. Learn how to figure out the truth about how well your investments are really doing. Income taxes are the enemy. We're all interested in reducing our taxes, but find out why tax shelters and donation schemes may be dangerous to your financial health. Buy permanent life insurance to secure your financial future. Find out who needs life insurance, who doesn't and how to get it cheap.

Use this book to learn how you can, at little or no expense, make virtually any movie using Machinima. The authors guide you from making your first Machinima movie to a grounding in both conventional filmmaking and Machinima technology that will let you tackle very complex film projects. The book focuses on the following Machinima platforms: *The Sims 2*: Arguably the most popular Machinima platform of all time, *The Sims 2* allows you to tell stories ranging from romance to noir action. *World Of Warcraft*: Tell your own tales of heroism in the world of Azeroth, following in the footsteps of award-winning Machinima creators and even the makers of *South Park*. *Medieval 2: Total War* - This astonishing new game allows you to create Lord of the Rings-scale medieval battle films using just a home computer! *MovieStorm*: For the first time, unleash the power of Machinima as a professional user using a fully-featured, fully-licensed commercial Machinima platform. You'll be introduced to all aspects of Machinima production, from live filming in a game through the creation of sets, props and characters, as well as the basics of cinematography, storytelling and sound design.

Kapoor Seventh Canadian Edition provides the perfect balance between practical application and comprehensive coverage of personal financial planning theories. Coverage includes personal financial planning in the areas of money management, tax planning, consumer credit, housing and other consumer decisions, legal protection, insurance, investments, retirement planning, and estate planning. The Seventh Canadian Edition gives students the foundation they need to make sound financial decisions related to spending, saving, borrowing, and investing with the end goal of establishing long term financial security.

Consulting For Dummies, 2nd Edition includes a reorganization and narrower focus of the topic, with new or updated information that delves into the specifics of running your own consulting business. There is greater emphasis on the business of consulting, along with financial and legal issues involved in setting up a consulting business, deepening coverage of consulting proposals, and entirely new chapters on higher-level consulting issues that more-established consultants are demanding.

David Bach has a plan to help you live and finish rich—no matter where you start So you feel like you've started late? You are not alone. What if I told you that right now as you flip through this book, 70% of the people in the store with you are living paycheck to paycheck? What if I told you that the man browsing the aisle to your left owes more than \$8,000 in credit card debt? And the woman on your right has less than \$1,000 in savings? See? You're really not alone.

Unfortunately, the vast majority of people who've saved too little and borrowed too much will never catch up financially. Why? Because they don't know how. You can start late and finish rich—but you need a plan. This book contains the plan. It's inspiring, easy to follow, and is based on proven financial principles. Building a secure financial future for yourself isn't something you can do overnight. It will take time and it will take work. But you can do it. I know. I've helped millions

ambitious. All you need is to get up to speed on the exam's topics and themes and take a couple of practice tests to get comfortable with its question formats and time limits. That's where AP Biology For Dummies comes in. This user-friendly and completely reliable guide helps you get the most out of any AP biology class and reviews all of the topics emphasized on the test. It also provides two full-length practice exams, complete with detailed answer explanations and scoring guides. This powerful prep guide helps you practice and perfect all of the skills you need to get your best possible score. And, as a special bonus, you'll also get a handy primer to help you prepare for the test-taking experience.

Discover how to: Figure out what the questions are actually asking Get a firm grip on all exam topics, from molecules and cells to ecology and genetics Boost your knowledge of organisms and populations Become equally comfortable with large concepts and nitty-gritty details Maximize your score on multiple choice questions Craft clever responses to free-essay questions Identify your strengths and weaknesses Use practice tests to adjust your exam-taking strategy Supplemented with handy lists of test-taking tips, must-know terminology, and more, AP Biology For Dummies helps you make exam day a very good day, indeed.

One of Canada's leading specialists on personal finance, Brian Costello has a reputation that precedes him -- his investment seminars are a huge success, his daily radio show is syndicated on over 180 stations across the country, and his columns are featured weekly in major Canadian newspapers. He is also the author of five best-selling books that have helped guide tens of thousands of Canadians to a more comfortable life and retirement. Taking Care of Your Money: Multi-Dimensional Investing that Works offers straight-forward, "kitchen-table" advice about protecting your nest egg, and maximizing your capital gains opportunities while you build for your future. Brian Costello first learned about multi-dimensional investing from his father, who left the secure world of banking to enter the uncertain world of farming, and was successful in both enterprises. His father's advice helped Brian to achieve financial independence, and in Taking Care of Your Money he passes this advice on to you. Read Taking Care of Your Money, and find out how to make your money work for you!

Do you wish Access was more accessible? Do you wonder what to do with databases in the first place? If you've just been letting Access sit there as an anonymous icon on the Ribbon, Access 2007 Workbook For Dummies can open up new worlds for you. The coolest thing about this friendly, easy-to-follow workbook is that you'll actually create a database that you can use to organize your own home media collection, if you like. In the process, you discover how to build a database from the ground up and some of the ways a database can be helpful, even if you're not a business mogul or an accountant. Using a problem-solution approach, Access 2007 Workbook For Dummies gives you plenty of chances to practice each step, so you gain confidence along with information. You'll discover how to: Set up Access and use database fundamentals Create a home media database from start to finish Build tables, relationships, forms, and reports Use select and action queries View and manipulate data Edit and build simple macros and use them to automate navigation Arrange controls on a form Build a user interface to add, edit, and update data Track every aspect of the media collection, including The bonus CD-ROM includes separate database files for each exercise and a video that walks you through each step of the more complex procedures. In no time you'll find Access is no longer unapproachable. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
