Persephonice is given the mission of distracting the shadow elves who are bound to learn what is blocking their water source before they discover a space ship is sitting in the middle of their river. That's how all the trouble begins. Persephonice is an overseer--an observer and recorder of information about inhabitants of civilized worlds. Only she's lost her lifemate and cannot be an overseer without one. She's given a second chance if she can prove she's worthy if she can survive an inhospitable planet inhabited by elves and other mythical creatures she's only read about, very little of which is known of them except that they constantly battle amongst themselves and are not civilized enough to safely observe. The shadow elf, Dracolin, a warrior given the task of learning what is blocking their water source, doesn't expect to find the most unusual creature he's ever encountered--a red-haired, green-eyed land-bound mermaid. That's only the beginning. She understands and can speak his language, falls off cliffs without injuring herself, and swims like a mermaid--without the fishtail. Everyone is intrigued with her--except some fear her uniqueness and want to destroy her. That is the problem with observing uncivilized worlds.

A Prince's Errand, Book One of Tales of the Amulet begins an exciting new epic fantasy saga. Several millennia ago a war raged between the factions of dragonkind. With their world ravaged, the Kaldean Alliance forged the Amulet of Draconic Control and the Tethering Stone, and banished their foes to other realms, saving Kalda from utter destruction. Fearing the power of the Amulet, the survivors secreted it away. But now knowledge of the Amulet has resurfaced--and in the wrong hands, war could erupt anew. A PRINCE'S ERRAND Long ago, men harnessed the Channels of Power, creating tevisralsdevices capable of manifesting magic. But men weren't the only ones to accomplish such feats. Dragons crafted the most sophisticated tevisrals. These shaped the world, defining civilization of man and elf alike. Over the centuries, the people of Kalda have fallen into a dark age, where elves are estranged from men and dragons have retreated into legend. Tevisrals are scarce and men are willing to trade everything for them. But there are some who wish to bury the past, and in their lands, possessing tevisrals is tantamount to treason. Still, daring men scour the world in search of Kalda's past. One such man, the scholar Krindal, seeks an ancient order known as the Keepers of Truth and Might. He yearns for their knowledge, long feared lost. Prince Kaescis Midivar also searches for these Keepers. The assassination of his uncle, the emperor of Mindolarn, killed his hopes of peace with his empire's enemies. His empire's survival hinges upon unearthing the Keepers' secrets. An aging warrior, Cornar Dol'shir, longs to be home with his wife. But his retirement must wait, as his band of adventurers is recruited to help find the Keepers' hidden temple on the Isle of Klindala. Haunted by his tragic past, Iltar, the Son of Adrin, does not join in the search for the Keepers. Instead, he seeks to unravel the mysteries held within a volume of prophecy foretelling the advent of the Unspoken One and the return of the Crimson Eye. His search takes him to the Empire of Mindolarn, where all is not as it seems. An ancient war was won by a simple amulet.
