What is IELTS? The International English Language Testing System (IELTS) is the most common test used by universities for foreign students to prove their language level. IELTS is also increasingly used for immigration purposes, with many countries requiring visa applicants whose first language is not English to submit an IELTS grade. The system tests candidates' Reading, Writing, Listening and Speaking in four separate papers. Usually, students must gain a good mark in all four skills in order to gain entry to the course, job, or country of their choice. For this reason, candidates will often sit the exam numerous times to secure the score that they need.
