Cet ouvrage constitue le huitième volume de la collection propriété intellectuelle – intellectuelle propriété (www.pi-ip.ch). Il rassemble les contributions qui ont été rédigées à l'occasion de la Journée de Droit de la Propriété Intellectuelle (www.jdpi.ch) organisée le 5 février 2015 à l'Université de Genève sur le thème « Le droit du design / Design Law ». Il ne fait pas de doute que l'apparence extérieure des produits qui nous entourent est susceptible d'exercer une force d'attraction importante, voire une fascination sur le public des consommateurs. Preuve en est la valeur phénoménale progressivement acquise par une firme californienne à la désormais célèbre pomme – qui était, il faut le rappeler, au bord du gouffre il y a quelques années –. Cette firme a en effet su inventer ou réinventer des produits technologiques à destination de tous à la ligne épurée et attractive, qu'il s'agisse de téléphones, de tablettes ou d'autres produits électroniques. Il est certes clair que l'attractivité de ces produits ne tient pas exclusivement à leur apparence, mais également à leur convivialité et fonctionnalités technologiques. On ne peut toutefois pas douter que leur « look » y contribue aussi (largement). Il n'est dès lors pas surprenant que nombre d'entreprises dans des secteurs et industries très variés consacrent d'importantes ressources et leur énergie créatrice à développer des produits au design unique, destiné à les distinguer de ceux de leurs concurrents. Comment le droit du design peut-il dès lors protéger cette créativité des produits et à quelles conditions ? Juger du pouvoir d'attraction de la forme d'un produit n'est pas tâche aisée.

C'est en somme tenter de faire écho sur le plan légal à la phrase du célèbre designer Milton Glaser : « There are three responses to a piece of design : yes, no and ... WOW. WOW is the one to aim for ». Pour explorer le domaine évolutif du droit du design, les auteurs des remarquables contributions qui composent ce livre se sont penchés sur diverses facettes de la thématique en droit international et national. Qu'ils soient chaleureusement remerciés pour leur précieux travail et que M. Pierre Heuzé qui s'est chargé des tâches d'édition du livre trouve ici aussi l'expression de ma vive reconnaissance.
