Judith's marriage to Adam is failing fast. Despite her best efforts, his attention is entirely taken up by his law practice while her existence-if he remembers it-is merely something to criticize. Thankfully, Judith has an antique shop and her best friend and business partner, Susan, to keep her focused on the good things in life. Tired of being overlooked and undervalued, Judith decides to leave her husband and reconnect with herself as a single woman rather than as Adam's wife. Soon, Judith's world expands to include a support group of women also facing divorce. Slowly learning to extend to herself the same compassion she offers her friends, Judith begins to rediscover her own value as a person and as a woman. And her efforts don't go unnoticed. While Judith rebuilds her life, with the encouragement of her growing circle of friends, a secret admirer starts leaving thoughtful gifts on her doorstep-which she begins to hope will lead to a face-to-face meeting. A celebration of friendship and love, where every character counts, "The Things That Fall Away" is an insightful story that brings to light the beauty of everyday things and the wonder of being truly cherished.

SECOND EDITION This book is a beautiful synthesis of Marlow's decades of internal cultivation and study of the Five Element system of medicine. This is most poignantly illustrated by her inclusion of the works from her students. Chinese medicine has always been a collective endeavor. For thousands of years, human beings have drawn upon a deep desire to know themselves and how to apply those discoveries to the process of healing. This is how Chinese medicine evolves and grows to continuously meet the needs of the current era. The sign of a wise and cultivated teacher, in my opinion, is one who creates spaces for his or her students to discover their own wisdom in ways that vitalize and perpetually transform the field of medicine. In this endeavor, Chinese medicine continues to evolve through the eager hearts of empowered leaders. The multiplicity of voices forms a larger melody that contains a kind of beauty, elegance, and potency only available through collective expression. This book is

an exquisite example of a collective offering that will add to the development of Chinese medicine as a healing art.-Alexander LoveM. Ac., Acupuncturist & Coach, Professor, Academy for Five Element Acupuncture, Associate Professor, Southwest Acupuncture College Marlow Brooks has taught Five Element Plant Spirit Healing to students at Naropa University in Boulder, CO for twenty years. Singing Our Heart's Song includes the fresh and lively voices of students from as far back as 1998, woven together by a thread of Marlow's voice and her artwork. May it open doors to a new way of knowing and being human, and provide a path for greater transformation within ourselves and our community.

In the Upper Amazon, mestizos are the Spanish-speaking descendants of Hispanic colonizers and the indigenous peoples of the jungle. Some mestizos have migrated to Amazon towns and cities, such as Iquitos and Pucallpa; most remain in small villages. They have retained features of a folk Catholicism and traditional Hispanic medicine, and have incorporated much of the religious tradition of the Amazon, especially its shamanism, sorcery, healing, and the use of potent plant hallucinogens, including ayahuasca. Singing to the Plants sets forth just what this shamanism is about - what happens at an ayahuasca healing ceremony, how the apprentice shaman forms a spiritual relationship with the healing plant spirits, how sorcerers inflict the harm that the shaman heals, and

Nicknamed the Queen of the Blues, Bessie Smith rose up from poverty in the American South to become one of the most famous and respected recording artists of her generation. Behind the scenes of her success, though, Bessie navigated a story

family and personal life. She had adult sisters who depended on her for a living and yet disrespected her when she wasn't around. Likewise, she settled with a husband, Jack Gee, who mistreated her in every possible way. This book looks at the incredible and influential life of Bessie Smith.

Let me begin by saying that our Christian experience must be translated from the four walls of the church and into our day to day lifestyle. It is in the heartbeat of our calling that we should translate the love of God as we pick it up from church and take it to our workplaces. My mandate through this book is to strategically position you into a place of influence in your nation of calling within the marketplace. For a long time the marketplace has remained the reserve of the children of this world. 'The children of this world are in their generation wiser than the children of light' (Luke 16:8). By failing to take our position of dominion in the marketplace, we have put our God to shame. The name of God has been profaned by many people in this world. Have you realized that anytime you mention that you are born again in your workplace, you encounter ridicule, rejection and even persecution? People have continued to shamelessly talk foul things concerning Christianity and this has to stop. God is saying that He is ready to sanctify His great name that has been profaned. God wants to do this through you. God desires that you prosper in all that you do within the marketplace, and this you must remember is for His purposes. He is not doing it for you to be proud. God is doing it "that they may see and know, and understand together,

that the hand of the LORD has done this, and the Holy One of Israel has created it" (Isaiah 41:20). God wants to introduce and establish His Kingdom in the marketplace through you. He will show Himself strong on your behalf for His purposes to be fulfilled in the earth. To many Christians, there has been and there remains to be a great misconception on the perception towards serving God. We see service in the full time ministry position as the only way to serve God. In everything we do, it is important to understand that it is because of the purposes of God that we were created. God is a wise investor and the gifting He invested in you is for the expansion of His Kingdom. God wants to show Himself strong through you. The Kingdom of God is within you and as such, you are supposed to carry it into your marketplaces. It has to manifest through you at your place of work, business and even in your relationships. You should remember that He chose you. You did not choose Him. To quite a number of Christians, business is secular work, whereas serving God in church is the only way to ascribe to ministry. This tendency is so prevalent in the church that many well meaning Christians do their business or work in offices without connecting it to ministry. That is why many Christians have this 'holier than thou' attitude when in church doing the things of God but when they get to their work stations they exhibit lucre luster performances, oblivious of the fact that we are commanded to

work as unto God. Many Christians may be concerned with church work and even support it financially, but fail to see the connection between service at their work place and their Christian life. Some even think that if you really are serious about ministry, you ought to quit your job or give up your business in order to pursue a role in full time ministry. The object matter of this book is to bring every believer to the realization that we all were created for a purpose and that the faster we realize this and take up our positions the better. As Christians we are cut out and mandated to fulfill a specific assignment for God here on earth. Our mission is to honour God in our service by extending His will to all our activities. Let's talk about the ozone layer. Let's discuss how beneficial this shield is to human, animal and plant health. After which, let's move towards how it can be protected from future harm. Ayahuasca shamanism is now part of global culture. Once the terrain of anthropologists, it is now the subject of novels and spiritual memoirs, while ayahuasca shamans perform their healing rituals in Ontario and Wisconsin. Singing to the Plants sets forth just what this shamanism is about--what happens at an ayahuasca healing ceremony, how the apprentice shaman forms a spiritual relationship with the healing plant spirits, how sorcerers inflict the harm that the shaman heals, and the ways that plants are used in healing, love magic, and sorcery.

comfortable village, past the people and places that expose them to a vast realm of possibilities, problems and potentially the greatest of all the legends: Somnol & Mortol: the nursery rhyme rulers of everyone and everything. The Twins Who Run the World. The Singing Cowboys is a nostalgic, back-in-the-saddle examination of the musical B-Western films of the 1930s, 1940s, and 1950s and the singing cowboys that made them so popular. The author, David Rothel, spent a fondly remembered portion of his youth sitting in the Lincoln Theatre in Elyria, Ohio, where the singing cowboys-Gene Autry, Roy Rogers, Tex Ritter, and all the rest-played out their adventures and yodeled their songs on the silver screen. Thousands, perhaps millions, of youngsters from that era shared this common experience during their formative years. First published in 1978, The Singing Cowboys has been out of print for many years. Now, Riverwood Press in association with The Lone Pine Museum of Western Film History has republished the book in an updated, expanded, and repackaged edition. We hope you enjoy!
