mental health conditions and disorders, it addresses your role in a variety of care settings, emphasizes culturally competent care and holistic nursing, and thoroughly covers all relevant NCLEX-PN Test Plan content. Abundant real-life case studies clearly show how to apply what you've learned to clinical practice. Features separate chapters on common, high-profile disorders (including hypertension, diabetes, and shock), providing an in-depth understanding for patient care. Offers foundational units on basic concepts related to the health care system, care settings, the nursing process, leadership, nutrition, the older adult, growth and nutrition, legal/ethical considerations, evidence-based nursing care, and many more essential topics, avoiding repetition later in the text. Includes a separate, comprehensive unit on the older adult and related disorders — no other LPN/LVN med-surg text has as much coverage of this primary patient group. Includes a separate, comprehensive unit on psychosocial responses to illness, psychiatric disorders, and substance abuse — eliminating the need for a separate psychiatric mental health nursing text. Emphasizes content related to the NCLEX-PN Test Plan, including health promotion, nutrition, legal/ethical issues, HIPAA, and prevention of medication/medical errors. Offers in-depth pharmacology coverage: the Pharmacology Tutorial covers drug classifications, how drugs work, and nursing responsibilities; Pharmacology Capsules boxes

First manual on Clinical Procedures developed by the faculties of NINE-PGIMER Chandigarh, who are also the subject experts. The procedures have been divided into the 6 major nursing subjects: Nursing Foundations, Medical Surgical Nursing, Mental Health Nursing, Obstetric and Gynecological Nursing, Pediatric Nursing and Community Health Nursing. The contents have been developed as per INC syllabus of undergraduate as well as postgraduate nursing and several new procedures have been added, making it the most comprehensive compendium available so far. The complete book has been developed keeping in mind the relevance of the content in the Indian context. The articulate way of writing strengthened by the use of simple language makes browsing through the book a delightful experience. All the procedures have been well illustrated with colored diagrams and real-time photographs, explaining the various steps of procedures. The procedures have been divided into Preprocedural, Intraprocedural and Postprocedural steps along with their rationale, emphasizing the sequence and importance of every step. All procedures are substantiated with Points to Remember and Special Considerations boxes to help the students identify and remember the various aspects that need to be taken care of while performing the procedures. Suggested Readings at the end of each procedure are given to aid the students with various reference works for future reference and enhancing their knowledge.
