Richmond, Virginia: On the morning of October 19, 1979, parolee James Briley stood before a judge and vowed to quit the criminal life. That same day, James met with brothers Linwood, Anthony, and 16-year-old neighbor Duncan Meekins. What they planned-and carried out-would make them American serial-killer legends, and reveal to police investigators a 7-month rampage of rape, robbery, and murder exceeding in brutality already documented cases of psychopaths, sociopaths, and sex criminals. As reported in this book, the Briley gang were responsible for the killing of 11 people (among these, a 5-year-old boy and his pregnant mother), but possibly as many as 20. Unlike most criminals, however, the Briley gang's break-ins and robberies were purely incidental-mere excuses for rape and vicious thrill-kills. When authorities (aided by plea-bargaining Duncan Meekins) discovered the whole truth, even their tough skins crawled. Nothing in Virginian history approached the depravities, many of which were committed within miles of the Briley home, where single father James Sr. padlocked himself into his bedroom every night. But this true crime story did not end with the arrests and murder convictions of the Briley gang. Linwood, younger brother James, and 6 other Mecklenburg death-row inmates, hatched an incredible plan of trickery and manipulation-and escaped from the "state-of-the-art" facility on May 31, 1984. The biggest death-row break-out in American history.

It is an entity which most of us may never get to know; for others, however, this darkness grows for years until it takes hold of them and permeates every inch of their body. This darkness is evil incarnate, and it is in the hearts and minds of some of the most dangerous and despicable human beings to have walked this same earth we live in today. Sometimes it can manifest as the desire to dominate the weak and the less fortunate; in others, it becomes an uncontrollable need for violence and death; another group turns this evil into pure hatred for those that they do not agree with, transforming dislike into the desire to spill blood. Regardless of which group we are talking about, there are many of these individuals who soon evolve into the most deadly kind of monster: the serial killer. In the following volumes, you shall discover the stories of six murderers so tainted by darkness that their horrific accounts still bring fear to men and women of our present day: Edmund Kemper, the Co-Ed Killer, whose victims were mostly young, defenseless students. The Briley Brothers, three siblings who were as mentally unstable as they were bloodthirsty. Christopher Wilder, serial killer who mercilessly killed in two different continents. John Christie, who lived a double life while killing cruelly and indiscriminately. John Haigh or The Acid Bath Murderer, whose methods of disposing of victims made him infamous. Joseph Paul Franklin, whose racist hatred fueled him into a deadly "cleansing of the world," according to his own claims. So open the pages of the volumes in this Serial Killers True Crime Box Set now, and begin exploring these tales that have been forged with the essence of hell itself - you may soon realize just how deep evil can plant its seeds within a human being...
