"Describes the features and characteristics of mythical creatures in a quick-reference format"--

It's the epic battle of brains against manes. Which side are you on? It's a question as old as time itself: which is better, the zombie or the unicorn? This all-original anthology edited by Holly Black (Team Unicorn) and Justine Larbalestier (Team Zombie) makes strong arguments for both sides in the form of spectacular short stories. Half of the stories portray the strengths—for good and evil—of unicorns, and half show the good (and really, really badass) side of zombies. Contributors include many bestselling authors, including Cassandra Clare, Libba Bray, Maureen Johnson, Meg Cabot, Scott Westerfeld, and Margo Lanagan. This anthology will have everyone asking: Team Zombie or Team Unicorn?

This book comes from personal experience, both as a long time timeshare owner and from selling vacation ownership. What prompted this book? Well, for too many years I have listened to too many people whom, for whatever reasons have a negative impression about the timeshare or vacation ownership industry. As an owner I inevitably found myself asking them why. The reasons varied from "they do not work" to "we cannot afford it." For those folks this book will open your eyes. The second reason was for all those owners who honestly do not have a clue as to what they own. I wanted to let people understand something that they did not already know or have simply forgotten. Having been a timeshare owner for over twenty-five years I understand, and have experienced, the public perception of the industry. I have also seen it change dramatically during that time. However, it was during my first few years in Mexico when I sold timeshare that I came to understand, and appreciate, the real public perception of the industry. From these experiences I realized that the industry could use a simple "how to" and "why" book. The book is written in a simple, straight forward manner

that is easy to understand. The book covers the history, marketplace, the players, the IN's and Out's of attending a sales presentation, of buying one -- good and bad, legislation and much more. A quick, easy read it contains personal stories and antidotes, and easy, self awareness quizzes for you to do. By the end you will know whether or not timeshare is right for your lifestyle.

another mythical beast that has eluded humanity for ages: The Unicorns. Unicorns, the
second of the How to Draw Mythical Creatures for the Absolute Beginner series, is
divided into two parts. Part One delves into historical accounts, which may lend to the

Some aspiring artists would like to learn the craft or hone their talent to prepare themselves for a career in the Arts. Others are just seeking a productive recreation, rather than a lucrative one. Regardless of your purpose, the drawing methods tackled in this course builds on the creative foundations most beneficial to the absolute beginner.
