An effective new songwriting vocabulary supported by ASCAP, BMI, and SESAC. The Elements Of Song Craft does for songwriters what William Strunk Jr. and E.B. White's The Elements Of Style did for English language students and writers alike; gives an all-in-one definitive manifesto for contemporary songwriters in every genre to organize, understand, and practice the rules, principles, definitions, forms, and song craft needed to create good songs, songs of undeniable creative power and beauty, songs that last. The Elements of Song Craft beelines directly to the most important aspect of writing good songs—identifying the key emotion living at the heart of the song—then offers a step-by-step process to harnessing that singular emotional power. Additionally, a dozen other strategies, formulas, perspectives, and exercises are offered in the book. The Elements of Song Craft introduces, for the first time to a general songwriting audience, an effective new songwriting vocabulary utilized by songwriters taught in the SONG ARTS ACADEMY method and supported by ASCAP, BMI, and SESAC, the world's leading Performance Rights Organizations at the heart of the songwriting business, as well as at NYU Steinhardt's and The New School's songwriting programs, for over sixteen years. Thousands of song arts participants, including hit songwriters and The Voice and American Idol contestants, have been trained in this method.

On the premise that grief is a foreign country for most of us, the author takes the reader on a journey through the grief process as he attempts to move beyond the unexpected death of his wife just as they entered retirement. His personal thoughts on grief are poignant and powerful and the book is like a portable support group that helps readers realize they are not alone in their grieving. Readers will feel the author's pain and will identify with his humanity. The Epilogue to the book offers fifteen lessons that will help readers on their journey through grief. The book is also a story of a remarkable love relationship. It has laugh-out-loud humor in the midst of pain. Readers will feel they are in the presence of a friend who "really knows" what grief is like. \* \* \* \* \* "I simply cannot imagine a better portrayal of love between two people, written through pain, in homage to a loved one. If anyone wants to know about love and the feelings associated with its loss, these pages serve as an example. The book is a roadmap of how to honor the love, revisit it in grief and begin sorting out the feelings of loss . . . This is very heartfelt, powerful material." Mike Foley, Writer's Review.

Listen in as women from around the world shout Gods praise. Moments of joy and seasons of heartache are common to all of us, yet these women have learned to watch and listen for Gods love in action His love out loud. They have recognized His hands reaching out in welcome, His tears sliding down the face of a beloved friend, His voice whispering words of encouragement. And even when He was silent and the world seemed to be crashing down around them, they have felt His presence. You never know . . . you may have already heard His love out loud too.

Hailed as one of the most powerful and moving poets of his generation, Galway Kinnell has been commended by critics who often pair his name with such famous predecessors as Walt Whitman, Henry David Thoreau, Robert Frost, W. B. Yeats, Rainer Maria Rilke, T. S. Eliot, and Theodore Roethke. Born on February 1, 1927, Galway Kinnell has been working on the strength and truthfulness of his voice for almost five decades now. This well-written work offers a very important perspective on a major living poet, focusing specifically on what is a key theme in Kinnell's work--death. The author's thematic analysis does not stop short with a direct reading of the poetry, it also seeks to place her subject within several contexts, including that problematic pivotal position between Modernism and Postmodernism, and a specific poetic tradition (including T. S. Eliot, William Carlos Williams, Whitman and Dickinson). What emerges from the readings of Kinnell's various poetry collections is essentially an extended philosophical meditation on death, that both offers itself as a commentary whilst also repeatedly showing, with much clarity, how complex a subject death is for Kinnell. This meditation on death also means a deep consideration of those other large themes that have asserted themselves in American poetry--transcendentalism, nature, and life itself magnified against the darkness of death in the poet's work. This volume will make an important contribution to research on Kinnell and the author's ability to follow her subject into a very complex labyrinth of philosophical and aesthetic discussions, while always being mindful that Kinnell remains central, offers much in the way of a good example of literary analysis and scholarship. This book makes a significant contribution to scholarship on Galway Kinnell, a major contemporary poet whose work will receive more and more attention over the coming years. In addition, this work also marks a contribution to scholarship on poetry, American literature and contemporary literature, as

well as to the fascination with death as a theme in much of American literature, from Dickinson and Poe to Plath and Salinger. *Death in the Works of Galway Kinnell* will be a very valuable resource for students and teachers of contemporary poetry and American literature.

Deborah Hayward was widowed at just 43 years old and left with four children and very little income. Life had been turned upside down and desperate for guidance she turned to self-help books on bereavement. Horrified at what she found there she resolved to find a spiritual truth more in keeping with her beliefs and experiences as a Psychic and Medium. Having found the advice she had read cold and dismissive of the powerful evidence of life after death, she decided to write her own book on coping with life after bereavement, which would incorporate the beautiful loving relationships possible with loved ones that have passed to spirit. Using her own experience and drawing on mediumistic evidence of the survival of spirit after death she composed a book to bring strength and comfort to the bereaved and guidance to counsellors. This book is meant to bring hope and inspiration.

Praise for *The Unique Grief of Suicide: Questions and Hope* "A gem of a book. Tom Smith is one of those unique human beings who, through a labor of love and generosity, is able to turn a personal tragedy into an opportunity to reach out and help many others. His work combines scientific data and personal feelings admirably." —Luis A. Giuffra, MD, PhD; professor of clinical psychiatry, Washington University School of Medicine "Very painful questions arise following the death by suicide of a loved one. Tom Smith's moving book identifies and organizes these questions—a very helpful thing in itself. But more, the book provides answers and also acknowledges that some questions do not have easy answers, reflecting accurately and sympathetically the experiences of those bereaved by suicide." —Thomas Joiner, PhD, author of *Why People Die by Suicide* and the Robert O. Lawton Distinguished Professor of Psychology, Florida State University With warmth and understanding, Tom Smith draws on his own grief following the suicide of his twenty-six-year-old daughter, Karla, and provides helpful resources and coping strategies to those grieving a suicide. Both practical and comforting, *The Unique Grief of Suicide* guides and educates those dealing with the different facets of suicide and offers a safe harbor within the storm of grief.

One dark night, popular singer Kent Harrison goes missing after his performance at Tutbury Castle. When his body's found in a forest, the police investigation focuses on Kent's ex-wife, a local herbalist, a covetous colleague, and even the curator of another castle who tried to lure Kent into performing there. But his occasional singing partner, Dave Morley, seems to have the biggest motive. He's dying to make his name, money, and the big time, especially at the medieval Minstrels Court reenactment, where Kent's appearance guarantees standing room only. Did Dave murder Kent to eliminate the competition...or had their partnership struck a wrong chord? To entice him into investigating, ex-cop McLaren's girlfriend plays detective. But Dena ends up in great danger. Now McLaren must not only solve Kent's murder but also rescue her, a hard task when a web of jealousy, anger, and lies covers the trails.

A diagnosis of ADHD at age fifty-five can make you stop and think. So can losing your daughter to a drunk driver two days after her eighth birthday—or looking up at the majesty of the Big Buddha in Phuket after getting lost in the mountains on the way there. Spanning a period from high school in the seventies until a few hours before it went to the editor, the poems in *Provisional Conclusions* explore these topics and more: being a parent, being a man, living with ADHD, the legacy of Howard Thurman, the myth of objectivity, the delight and terror of raising a family, the dreams of Korczak Ziolkowski, and even a quick peek into hell. Poet Mike Fedel also considers race, sex, love lost and found, philosophy, consciousness, and God—what is she like, anyway? Sections include "Thinking Out Loud," "The ADHD Chapter," "Loss," and "Love and Nervous Energy." Offering accessible observations on a wide range of topics, the verses in this collection consider the raw emotions associated with love, grief, and ADHD. "...powerful and poignant poems which capture a father's experience of losing his 8 year-old daughter..." —Irving Leon, Ph.D. "...the poetry of a brilliant, often misunderstood ADHD mind, trapped in a linear world..." —Suzanne Ostrowski-Dansel, M.Ed., ACC "...fresh, moving poems by Mike Fedel, an important new voice in music and now in poetry..." —Anna Boothe, Author of "I Already Love You," "Beyond Words," and "Buddha."
