

# Trinity Music Theory Exam Papers

This Chinese language edition contains information which may be needed in the context of the theory of music examination, and it includes specimen questions and exercises, and guidance on their solutions. It is aimed to provide a foundation for anyone wishing to understand music theory.

Music Theory Practice - A Complete Course is an invaluable resource for those taking a Music Theory Exam at both ABRSM and Trinity College, Grade 1 to 5. This book (also available as 5 separate books for each grade level if you do not need to start from absolute basics), contains not only a detailed explanation of each topic, but practice questions complete with answers for you to test your understanding. As a music teacher of over 35 years of experience, I have never had a student fail a theory exam. Through my own understanding of what works best for students and how some of the alternative material on the market can sometimes be a very tedious method of learning, I have developed this course as a compliment to my video series on the YouTube channel MusicOnline UK and I am confident that you will find success in your exam by going through this course. So are you ready to get started on your road to Music Theory understanding.....
