Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. ****I've started to look at the world through apocalypse eyes.****

So begins Neil Strauss's harrowing new book: his first full-length work since the international bestseller *The Game*, and one of the most original-and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanes—and now of world financial meltdown—Strauss, like most of his generation, came to the sobering realization that, even in America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that's lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked *The Game*, *The Dirt*, and *How to Make Love Like a Porn Star*, *Emergency* traces Neil's white-knuckled journey through today's heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It's a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It's one man's story of a dangerous world—and how to stay alive in it. Before the next disaster strikes, you're going to want to read this book. And you'll want to do everything it suggests. Because tomorrow doesn't come with a guarantee...

Brit Barron grew up in an Evangelical megachurch in the '90s, trying to fit neatly inside the boundaries her church and its

narrow view of God had placed around her. She was boxed in by her fears, unable to realize her full potential. All that changed when she met a girl named Sami, fell in love, and chose to leave behind those narrow boundaries in favor of a fuller and more vibrant life. In *Worth It*, Brit tells her story to inspire all of us to overcome our own fears--the kinds of fears that keep us from evolving beyond the narratives that have been handed to us by others. We can't avoid or outrun these fears, but if we face them, we'll find out that it was so worth it!

In *Stop Sabotaging Your Life: 3 Steps To Your Full Potential*, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that." —Cristina "The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential." —Adrian "If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth." —Blaine

Our thirties--it's the decade when we put down roots, deepen our relationships, and establish our lifestyle. The financial challenges facing us through these years are substantial, often involving marriage, children, job changes, and even divorce or other unforeseen hurdles. Investment priorities and insurance needs are shifting, as we deal with our growing responsibilities and try to keep an eye on our future financial stability. It's a decade of greater demands on our money, but it's also a time of increasing income that will help us reach the goals we envisioned in our twenties. In this lively and fun book, personal finance expert Peter Dunn offers practical tips and strategies created specifically to address the financial concerns and goals of readers in their thirties. Learn to master the challenges of this crucial decade with *YOUR MONEY LIFE: YOUR 30s*.

Traditional beliefs about meeting goals are fundamentally flawed. Goal setting tactics assume goals are measurable, achieved, and final--all attributes that describe objectives, not goals. Unlike objectives, which are by their very nature self-contained, goals are immeasurable. A goal is realized, not achieved, and must be maintained to remain successful. What good is the goal of losing weight if you don't keep the weight off? Losing twenty pounds is an objective. Keeping that twenty pounds from returning is a goal, which must be maintained to remain a success. In *Three Your Life*, entrepreneur and accidental expatriate David R. Sanders applies this important distinction between goals and objectives. Beginning with attitude, outlook, and perception, Sanders builds a solid foundation on which to effect major life changes. Learn to differentiate between needs, wants, and desires--and discover how focusing on desires causes everything else to fall into place. To realize desires, Sanders reevaluates conventional thinking on prioritizing tasks, using a three-part daily structure that ensures you're working toward a productive and fulfilling life. A fresh new approach to goal setting, *Three Your Life* offers the opportunity to realize your goals, achieve your objectives, and understand the difference between the two.

Do you leap out of bed every day, excited at what lies ahead - even on Mondays? Do you bound out the front door to get out and get on with the day because you know you're going to be doing something that you love? Do you have all the material wealth you could ever hope for and travel to exotic locations on a whim? If you answered "No" to any of these questions, then this book is for you! What you're going to learn in this book is that what's in your life, what your life looks like, is completely up to you. That's right - it's your life, your choice! Doing something that you love is what life is all about. If you don't love what you do and aren't having fun most of the time then there is room for change. You may even already know that. What you may not know is how you can change. *Your Life, Your Choice!* will help you to remove all of the

internal sludge that your true passion has been hiding beneath, since early childhood. As a small child you instinctively knew what your passion was, but for many of us it gets buried under the expectations of our culture, our family and even our friends. Rediscover your passion, and live the life of your dreams, your way, for the rest of your life.

In the spring of 2010, Harvard Business School's graduating class asked HBS professor Clay Christensen to address them—but not on how to apply his principles and thinking to their post-HBS careers. The students wanted to know how to apply his wisdom to their personal lives. He shared with them a set of guidelines that have helped him find meaning in his own life, which led to this now-classic article. Although Christensen's thinking is rooted in his deep religious faith, these are strategies anyone can use.

Thus, this book explains how you can design 'Your Life, Your Way'.

For many women, "living your best life" is just a slogan. It sounds great, but when it comes to having practical steps that can take it from a cute poster or social media post, to their actual existence, most do not have the tools. Sis, You're Worth It: Seven Ideas for Manifesting Your Best Life takes "living your best life" off the wall and provides women with seven powerful ideas that help them to get clear about what their best life is and how they can manifest it. While the ideas are not new, they are when used this way. They are powerful, life-changing approaches to living an authentically successful life, which is what it means to live your best life. This isn't society's definition that's heavy on the external stuff - material possessions that can never, ever fill the inner void. This is manifesting your best life from the inside-out. It's creating a life where you certainly manifest the external stuff, but your enjoyment of them is magnified because they do not define you. This is living the life you were born to live, expressing your unique gifts and talents, standing in your truth, being and doing YOU. This is leaving it all on the playing field of life - taking zilch with you to that great graveyard of unfulfilled dreams and un-lived lives. This is living your best life!

Your life is a business. Whether you like it or not, everyday we speak with people and consistently communicate, negotiate and make decisions. You are a product of today's economy. This book will explain to you how to have the best mindset in today's world.
